

## Give Your Smile Away

### Chorus

Give your smile away show some love today  
Give a little time when you ain't got much  
Let somebody know that you need 'em  
Life can be hard sometime  
A lot of people feel left out in the cold  
A kind word is worth more than gold  
So don't be surprised if one comes back to you  
When you give your smile away

1.

It's often called the season of giving  
So many people race around shopping  
Tryin' to find things to make us happy  
But money can't buy happiness  
You can't put a price on love and friendship  
There's a one size fits all gift  
That won't cost you one red cent

2.

We've heard it said it's more blessed to give than receive  
And truly it's a feeling like no other  
Lending a hand to your friend or neighbor  
Knowing that they can't give back to you  
But rest assured it's gonna come back to you  
'Cause what goes around comes around  
So give what you wanna get

### Bridge

So give more than just your spare change  
To the one ringing the bell outside the store  
A little kindness goes a long way  
You might just brighten somebody's holiday
