

Worship Messiah

1.

I will lay it at Your feet, all my love my offering
It is not much but it's my everything
I will recognize the price
You paid when You left Your throne on high
To come into a dark world and rescue me

Chorus

I will worship and I will bow
Before the Savior who lay beneath the star
That led me to this place
Where I find hope for tomorrow
My joy is come
I will worship Messiah

2.

Jehovah God Almighty One
Our Redeemer He has come
Royalty became a pauper
So that wretched souls could find
Wealth beyond this world eternal life
He deserves my everything so my best I will offer

Bridge

Whether you've been blessed with wealth or knowledge
As the wise men bearing gifts
Or you are like the lowly shepherds
Wondering what you'll offer Him
Each of us has a gift to bring
All He's asking for is a heart that will worship
And bow down

Choruses (after bridge)

1st Chorus: Come let us worship come let us bow

2nd Chorus: We will worship and we will bow
