

# Lullaby for the Dreamer

---

Sing Song Holly rose in the night  
In the space 'tween the dream and the light  
In the space 'tween the flyer and the kite

String those thoughts in delicate rhymes  
In good time you will go out to find  
That the dream is a rhyme with in a rhyme

Bring those tired bones to the fire  
Let it glow let it breath and inspire  
Let it show let it be for us tonight

Sing of glory days gone by  
When the light of the world it did shine  
Just for us and will live on in my mind

Fling those cautions to the wind  
Let it in let it bustle and bite  
Let it blow us to kingdom come tonight

Don't go softly into the night  
Make it burn make it shine on in spite  
Of the darkness in the air tonight
