**Verse 2**

*Dwayne was as plain as the nose on your face  
Oh what a shock when I heard  
He rode the white horse to the cemetary gates and nobody said a word  
At least I heard, at least I heard, at least I heard nobody said a word*

**Verse 3**

*Brent was bent like a \$3 bill. He never came home one night  
He jumped in the river, tried to getaway  
The Boss got him locked down tight and he's a sight  
He's a sight, he's a sight. The Boss got him locked down tight*

**Verse 4**

*Gord was bored with suburban life, decided to make a change  
He became she seemed a blink of an eye and now nothing of Gord remains  
And that's okay, he was a jerk anyway. He's now Sweet Jane and nothing of Gord remains*

**Verse 6**

*Shawn was born with a hole in his heart momma tried to keep him safe  
But momma wasn't with him in the car that night when they hit the emergency brake  
It was just a prank, that really stank  
It was just a prank, they died near the river bank*

**Verse 7**

*I was a fly on the wall of your life ain't no saint it is sung  
The city will eat you if you swallow it, spit you out when it's done  
One by one, one by one, one by one  
Spit you out when it's done*
