

# Save Me

---

Save me  
Won't you brave me  
Just deprave me

Thrill me  
You can bill me  
You really kill me

With your dry wit  
I might try it  
But not buy it

[CHORUS]  
We don't want your heart we want your soul  
To feed to the heart of rock and roll  
Dance on the roof like a fool  
Throw your tv in the pool

Stone me  
You're not the only  
One here lonely

Bless me  
Won't you press me  
And undress me

With your green eyes  
How you disguise  
But not realize

[CHORUS]

Save me [4x's]
