

MERCY WE DON'T DESERVE

Written by: Z. Shelton

VERSE 1:

G
We see the ripple of the waves that we're walking on

Can't fix our eyes on the water, fix them on the Son
C G
We may be far from the shore, but we're not alone

CHORUS 1:

C G/B
You give orders to the morning and you show the dawn its place
Am G/B
You satisfy the lion and you give the horse its strength
C G/B
You bring forth constellations, scatter lightning across the earth
Am G/B
But my every need is met, and my every prayer is heard
C G/B Am G C
With a mercy we don't deserve With a mercy we don't deserve

VERSE 2:

I pay no mind to wind cause it can't prevail
Just buckle down, hold my ground, and release the sail
Cutting through the storm to bring this ship on home

CHORUS 2:

C G/B
You give orders to the morning and you show the dawn its place
Am G/B
You satisfy the lion and you give the horse its strength
C G/B
You bring forth constellations, scatter lightning across the earth
Am G/B
But my every need is met, and my every prayer is heard
C G/B Am G
With a mercy we don't deserve With a mercy we don't deserve
C G/B Am G*
With a mercy we don't deserve With a mercy we don't deserve
