

Always With You  
2012

I am always with you,  
Always holding you,  
Though you don't always hear me.  
But I'm always guiding you,  
Holding the light for you,  
You are my only concern.

I was crying in my room,  
Contemplating my own doom.  
When my ears began to ring,  
And I heard my angel sing.

I am always with you,  
Always holding you,  
Though you don't always hear me.  
But I'm always guiding you,  
Holding the light for you,  
You are my only concern.

I had thought I was alone,  
Thought I faced life on my own,  
There was no one there for me.  
Until I heard my angel sing.

Call on me.  
Reach for me.  
Use me.  
I am yours.

I am always with you.  
You don't have to go.  
Come, let me hold you.  
You are never alone.
