The purpose of this Code of Ethics is to improve and protect the Cavalier King Charles Spaniel and to promote good sportsmanship between club members and Cavalier owners.

- I. I will maintain the best possible standards of health and quality of life for my dogs.
- II. Recommended Guidelines for Breeding a Cavalier Bitch:
 - A. Before breeding my bitch, I will study the AKC Breed Standard and breed only those specimens that meet the standard.
 - B. I will not breed a bitch until her second heat, or before she reaches fourteen (14) months of age.
 - C. I will not breed any bitch once she has reached eight (8) years of age.
 - D. I will not breed any bitch unless I am prepared to keep all puppies for which I cannot find suitable homes.
 - E. I will spay bitches determined to be unsuitable for breeding. I will make certain that any bitch placed in a pet home is placed with restricted papers and a spay agreement.
 - F. I will make certain that my bitch is tested annually by a board certified cardiologist and ophthalmologist for inherited heart/eye disorders. If my bitch is clear of inherited heart/eye disorders, I may choose to breed her following the guidelines in this Code of Ethics. Should my bitch be diagnosed with inherited heart/eye disorders, I will consult with the board certified specialist before deciding to breed her.
- III. Recommended Guidelines for Breeding Stud Dogs:
 - G. Before placing my dog at stud, I will study the AKC Breed Standard and breed only those dogs that meet the standard.
 - H. I will neuter dogs determined unsuitable for breeding. I will make certain that any dog placed in a pet home is placed with restricted papers and a neuter agreement.
 - I. I will not offer stud services to any persons who do not take sincere ethical measures to protect/improve the breed, or to any persons who would place puppies without spay/neuter contracts.
 - J. I will make certain that my stud dog is tested annually by a board certified cardiologist and ophthalmologist for inherited heart/eye disorders. If my stud dog is clear of inherited heart/eye disorders, I may choose to breed him following the guidelines in this Code of Ethics. Should my dog be diagnosed with inherited heart/eye disorders, I will consult with the board certified specialist before deciding to breed him.
- IV. Recommended Guidelines for selling Cavalier King Charles Spaniel Puppies:
 - K. I will be discriminate in the placement of all Cavalier puppies or dogs that I breed.
 - L. I will not place puppies/dogs in pet shops, with animal brokers or persons who sell/buy in litter lots.
 - M. I will not donate puppies/dogs for raffles or contests.

- N. I will not release puppies to new homes before 8 weeks of age and all will be immunized and wormed appropriate for their age.
- O. I will provide full instructions to new owners on the care and feeding of their puppy/dog. It is strongly advised that puppies be checked by a veterinarian prior to leaving for their new home and that the veterinary health certificate be provided to the new owner(s).
- P. I will place all pet quality puppies with restricted papers and a spay/neuter agreement.
- Q. In the event that a puppy/dog that I place cannot be kept by the buyers, the sales contract will state that the puppy/dog will be returned to me or that I will assist in finding a suitable home for the puppy/dog.
