

# **State Of Grace**

Patricia W. Felker (ASCAP)

**Walking in this holy place  
I'm walking in a state of pure acceptance  
Growing in His mercy, drawing on His strength  
The peace of God upon my face  
No more wringing of my hands  
No more wondering where I stand**

**Chorus:**

**I have fin'ly welcomed His grace  
I am through with counting mistakes  
I have packed my bags and got out of that place  
And moved to the State of Grace**

**It never should have been this hard  
It never should have taken years to get here  
Wish I could have skipped some ruts along the road  
Saved myself these trav'llin' scars  
Fought a few less battles on the way  
Saved my strength for where I am today  
(Chorus)**

**God has rescued me  
His mercy set me free!  
(Chorus)**
