

"New Season"

CHORUS

C **G** **D**
It's a new season a new song, it's a new season a new song
C **G** **D**
It's a new season a new song and it's rising

VERSE

C **G** **D**
I can feel something blowing on the wind
C **G** **D**
I can feel something and it's shaking down within
C **G** **D**
I can feel something I've never felt before
C **G** **D**
Oh, and it feels like revival, it feels like revival
C **G** **D**
I can feel something and it's blowing on the wind
C **G** **D**
I can feel something and it's shaking down deep within
C **G** **D**
I can feel something different that I've never felt before
C **G** **D**
And it feels like revival to me, it feels like revival to me

CHORUS
