

# Faith Into Action

*Lyrics: Erin Martin*

*Music: Erin & Andrew Martin*

## **Verse 1:**

We see the need  
We know the hope  
People are yearning for  
It's up to us to be a light  
That leads them to Heaven's door

## **Pre-Chorus:**

It's not enough to say we care  
When God's given us so much to share

## **Chorus:**

We've got to put our Faith Into Action  
Feet to the pavement  
Hands to the healing  
We've gotta use the gifts we've been given  
We can't keep livin' with our eyes shut  
Every single need  
Is one more opportunity  
To put our faith  
Our faith into action

## **Verse 2:**

There are no deeds too meek, too small  
For God to be glorified  
Give what you've got, He'll take it all  
And use it to change a life

## **Pre-Chorus:**

It's not a matter of how much  
This is about what's in our hearts

## **(Chorus)**

## **Bridge:**

What good is saying we believe?  
If we never try to make a difference in this world  
It's time we testified with more than just our words  
But how we live our lives  
Cause in the end we know it's love  
That makes this world go around

## **(Chorus)**
