

# Build

*Lyrics: Erin Martin*

*Music: Erin & Andrew Martin*

## **Chorus:**

I want to build, build, build my house on your foundation  
I want to build, build, build upon the solid rock  
Any scheme of man is just a shack on shifting sands  
I want to build, build, build on you

## **Repeat Chorus**

## **Verse:**

Well the carpenter's son, he came to us with the blueprints to reveal  
A house that stands on God's commands  
His wisdom and His will  
And he warned that storms would come and go  
But of this we can be sure  
If we're building on his word, we will endure

## **Chorus:**

## **Bridge:**

Brick by brick, stone by stone  
With Jesus as the corner  
These walls will never fall  
Brick by brick, stone by stone  
With Jesus as the corner  
These walls will never fall  
They will never fall

## **Chorus**
