

Give Me Wings

Written by Erin Martin

Verse 1:

When the obstacles before me
Are competing with Mount Everest for a piece of stormy skies
And like altitude, the blows from life I've taken
Leave me breathless with no inner strength to climb

Pre-Chorus:

In my heart I know you're still right here with me
But some days I'm overcome with disbelief

Chorus:

I call out, Creator, I need you now
My voice is strained from all my screaming
If you hear me, Lord, please save me now
I'm shaking, how much further can I fall
Could you bend down to the bottom of this mountain
And give me wings so I can rise above it all

Verse 2:

Seems like every step I'm taking
Is riddled with resistance
Keeping me from greater heights
And like gravity, regret leans with persistence
And it's wearing down my will to stand and fight

Pre-Chorus:

In my heart I know you're still right here with me
But some days I'm overcome with disbelief

Chorus:

I call out, Creator, I need you now
My voice is strained from all my screaming
If you hear me, Lord, please save me now
I'm shaking, how much further can I fall
Will you bend down to the bottom of this mountain
And give me wings so I can rise above it

Bridge:

All the times you've said to me
Don't be scared, I'll never leave

It's the only thing that keeps me hanging on
And time and time again Your promise holds
But I've never been this low
So I'm calling out

Chorus:

I call out, Creator, I need you now
My voice is strained from all my screaming
If you hear me, Lord, please save me now
I'm shaking, how much further can I fall
Will you bend down to the bottom of this mountain
And give me wings so I can rise above it all
Give me wings so I can rise
