

It Is Finished

Lyrics: Erin Martin

Music: Erin & Andrew Martin

Verse 1:

The weight of the world laid on your shoulders
And you wore it well
Your work here was done as God's own son
His grace you lived to tell
Knowing the sacrifice was set
You claimed the victory as you took your last breath

Chorus:

I know it is over now
I know it is over now
I know it is over now
It is finished

Verse 2:

Your love for the world unmatched, unmeasured
Couldn't be contained
For not even death, not hell or man
Could keep you in the grave
Knowing the price that must be paid
You bled with confidence that you would rise again

Chorus

Bridge:

No greater love is this than to lay down your life for your friends
You took on sin and death for the kingdom you came to defend
No great love is this, to forgive as you're mocked and betrayed
Looking with kindness and mercy on those who were cursing your name
Amazing grace

Chorus
