Perform⁴Purpose

Helping the community one performance at a time...

Helping the community one performance at a time...

Perform 4 Purpose was formed for the charitable purpose of fostering and encouraging youth involvement in the arts in the Central New York area by providing opportunities for live performance events that will benefit local charitable needs in our community. To this end, we are committed to establishing a family-oriented organization that provides children a safe, wholesome environment where they can experience the joy and wonder of live performance, while developing skills to make better life choices and become contributing members of the community. For more information, visit www.perform4purpose.org.

PERFORM 4 PURPOSE SUMMER MUSIC CAMP

The P4P Summer Music Camp is a day camp where students will learn to play and perform in counselor-lead rock and jazz bands! Experiences at the camp will be centered on a community-oriented approach to music making (in other words, making music with and for others!) with the goal of contributing to the local community based on the Perform 4 Purpose model. Sessions and experiences include learning beginner and intermediate songs, melodies and chord changes, and of course jam sessions with other campers! Campers form mini bands with the leadership of a student mentor, and perform at the end of the week in a concert that raises money for a local community organization.
