

STEVE MIGNANO

LUCKY 13

"Tone for days, deluxe dynamics, spirited delivery...

MIGNANO HAS IT ALL."

- **Andy Ellis**

Premier Guitar Magazine

RELEASE DATE: OCTOBER 13th, 2017

One of the hardest working guitarists in New Orleans, Steve Mignano blends a powerful command of blues and rock guitar with soulful R&B vocals and a distinctively New Orleans groove. Steve connected with the blues at an early age when he discovered his father's gold-mine collection of vintage vinyls, among them classic albums by Muddy Waters, Buddy Guy, BB King, Albert King, Eric Clapton, Jimi Hendrix, The Allman Brothers Band, The Meters, Bobby Blue Bland, Dr. John and Paul Butterfield - some of Steve's biggest influences to this day.

"... solid, lyrically well done and delivered... a new artist whose technique and style is interesting and intriguing."

- **Blues Blast Magazine**

"... full of confident blues swagger... Mignano is a breath of fresh air." - **Offbeat Magazine**
