THANK YOU to everyone who gave their time & talent to make this record. Andre Ennis and of course Randy Powell, you helped me bring this thing to life, I am forever grateful. Special thanks to Modesto Ochoa for the fantastic design concept. To all the radio stations that have been supporting my music, venues who have booked me to perform, press that wrote about me, and of course, you for your buying this album, words cannot express my gratitude. I love reggae, but never thought I'd be doing a reggae album...AND speaking Spanish on it!! So your support is very much appreciated. Everyone at My label & publisher Kicksta Music Group and Kicksta Muzik Publishing, you're the reason I can do what I do! To all...Thank you & God Bless!!
