We are excited to offer this “show prospect” futurity concept. We are limiting this to Juvenile and Yearling Females 24 months and younger, and Juvenile Herdsire prospects 5 months to 18 months, and a 7 year old or younger Bred Dam and/or Bred Dam and Cri. The placings from the 6 classes will assist in determining the sale order, with final order to be determined by sale management.

Class #	Llama Name	Sire	Dam	Sex	Birth Date	ILR#

PHOTOS/WRITE-UP:

Along with each entry, please submit two or three high quality jpg. format photos so that we can use them on social media. We will be developing an online catalog on www.solidrockllamas.com prior to the event. Email address: dmand531@gmail.com

Futurity animals may also be entered in the ILR Double Halter Show for an additional entry fee of \$50.00.

The consignment fee for this sale is only \$250. Fifty dollars of your consignment fee will be pro-rated and paid back as futurity premiums to the top four entries in each of the six classes. There will be a 10% commission fee on the final bid received on your llama offered through the sale, including no sales. You will receive a free stall.

CVI (Certificate of Veterinary Inspection) must accompany each individual sale entry. We recommend that all sale entries be micro chipped.

We are hoping to continue to establish this as the premier source for nationally competitive show prospects.
