The MikeHamiltonBand is a group of musicians who have performed live and in the studio together and with various bands throughout the Mid-Atlantic region. They came together to form the MikeHamiltonBand as a vehicle for getting their original music to a wider audience via social media and live performances. They love to sing and perform their original Americana music which includes a wide variety of roots music styles. They look forward to performing at an event near you!

"The Mike Hamilton band headlined our yearly Hope Fest Music Festival this year and they were absolutely fantastic, incredible musicianship and fun! We are looking forward to having them back." Kendall Krishna, HopeFest2, Virginia
