Songs That Build Up Kidz

"Music is to the heart what language is to the mind"

"You always remember your kid songs"

I'm smart because I know how to get mad in the right way :D

age 5

I'm smart because I can share my toys with my brother because I know he feels sad with no toys to play with. =D

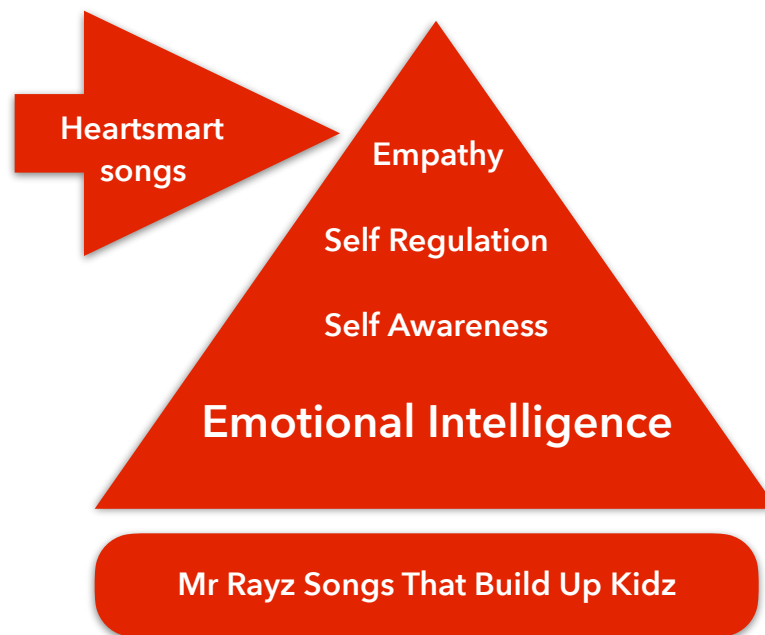

age 7

I'm emotionally intelligent cause I don't freak out at work when I am stressed out because of Mr Rayz Quiet song and some old song by Lionel Richie.

Facepalm XD

age 37

With the growing data of how incredibly important **emotional intelligence** is, a Mr Rayz music *experience* uses his **heart smart** songs to help a child grow into an Einstein of emotional intelligence!

A child will be emotionally healthy when she is:

1. Self aware of her feelings
2. Able to control and self regulate her feelings
3. Able to empathize with the shared feelings of others

Through *his presence* and **heart smart songs**, an exciting happy song or a peaceful quiet song become musical tools to shape an emotionally healthy child.
