

1 Peter 3:18 (King James Version)

18For Christ also hath once suffered for sins, the just for the unjust, that he might bring us to God, being put to death in the flesh, but quickened by the Spirit:

Note:

God is always just. Government, federal/state/local, are not always just. We pride ourselves in a country where many of our politicians are only after power and not for the people.

That being said, don't let your flesh rule your life; Your next meal, glass of wine, exercise class, etc. be the center of your life. The Triune God should be the center of your life; every year, month, day, and moment. Look upwards often to your Lord and thank Him for your life – He created you. The Spirit within you is affected by your decisions – what priorities you have in your life - what TV shows you watch and how you spend your money for example.

Christ didn't suffer for you so you could have a bunch of fun. Heaven will be so much better than the life you have on earth. Let His will be your priority. And actively seek His will.
