

WHAT IT MEANS TO HAVE

Words & Music by Kaitlyn E. Gerber

Verse 1

Another day, another dollar, darlin'
Workin' hard to hardly live our dream
One look out of you and I'm reminded
Money's not what livin' really means

*You know I would, if I could, give you all the world
It's the least of everything I think you deserve*

Chorus

Still somehow, Someone found
Something worthy in me and sent you here to be
My best friend; All I am
I would lay down for you if you wanted me to
Dreams are only shadows next to that
And when I hold you close I know what it means to have

Verse 2

I never knew there was a love much deeper
Until I held our baby in my arms
And though I know I have no royal title
She's every bit a princess in my heart

*Oh I would, if I could, give you all the world
It's the least of everything I think you deserve*
