

I AM THE EVIDENCE

Words & Music by Kaitlyn E. Gerber

Verse 1

I know the penalty, I know what's meant for me
And I know I'll get what I deserve
Times are not meant to change so I will bear my shame
And pray for mercy anywhere I turn

Verse 2

But doing what is kind and doing what they say is right
Are often not the same from what I've learned
So then who is this man writing words into the sand
Asking those with stones who will go first

Chorus

I am the evidence, living proof there is such a thing as grace
I am the evidence that there's never a soul too far gone to save
I am the evidence of grace

Verse 3

I took what wasn't mine and now I'll pay the price
I carry on my back my just reward
And yet my mind is on the man who's done no wrong
And I've heard others whisper He's the Lord

Verse 4

Now here together we will die on Calvary
The sinner and the perfect Lamb of God
"Saviour remember me" I beg him as our bodies bleed
And even at the end he saves the lost

Bridge

These things we cannot see, yet we believe
And when our bodies fail and spirits flee
My soul hopes, my faith knows
That His hand reaches even me
