

# Let it Go

*Lyrics and music by: Aaron David*

Superman never had it good as me  
Flying high, up so high above everything  
I've got the world in the rear-view mirror now  
And a full view sunshine in my sight  
I've got so much left to give, I hardly believe it

They said there's nothing left on the other side  
So why don't you leave it

I had my reasons to hold on longer  
But Love came at me with something stronger  
It's all right, baby, it's all right if you let it go

Now that I'm free, I'm alive as I could ever be  
No more butterflies, only clear blue skies and there's no stopping me  
I'm ready to soar into a brand new future now  
With all my limitations shattered on the ground  
And there's no one or nothing to keep me down

They said there's nothing left on the other side (you know you should leave it)  
They said that change must come from the inside  
And now I believe it

I had my reasons to hold on longer  
But Love came at me with something stronger  
It's all right, baby it's all right if you let it go  
I found my freedom in my surrender  
Now I'm riding high on a new forever  
It's all right, baby it's all right if you let it go

It's more than a feeling,  
(No doubt I'm gonna find where I belong)  
It's more than a feeling,  
(All fears are thrown aside and all gone)  
The air that I'm breathing,  
(My time to stand and shine has come along)  
The air that I'm breathing

If you've got your reasons to hold on longer  
Love's coming at you with something stronger  
It's all right, baby it's all right if you let it go  
You can find your freedom in your surrender  
And start riding high on a new forever  
It's all right, yeah it's all right if you just let it go, just let it go
