

Seven Soul...

Comprised of stellar musicians from the Chicagoland area, Seven Soul is a **powerhouse vocal ensemble** that performs hits from the 1960's to today.

Tired of the same old song and dance, Seven Soul was born as a side project in 2012 that was meant to give something new to audiences. Our aim was to perform classic hits with a new vocal delivery— 3 incredibly talented women harmonizing their brains out. **It worked.** Seven Soul quickly outgrew its predecessor and became a staple on the Chicagoland cover band scene, playing to crowds on all of the **biggest stages** to be had.

Now entering our 5th year, and **more popular than ever**, Seven Soul continues to add their own spin to the classic hits we all grew up loving.
