800-225-4532 | heartlandss.com

Our smart home security systems keep your loved ones and homes safe from intruders, carbon monoxide, sump pump failure fire and other threats. Watch live video, arm/disarm your system, and control your lights and thermostat from easy-to-use web and mobile interfaces.

SMART HOME TECHNOLOGY ALLOWS YOU TO BE IN CONTROL

Alarm.com allows you to control your property from almost anywhere at any time. This technology sends email, text or image alerts to you when alarms are triggered, doors or windows opened, the power goes out, or any other threat occurs.

INTERACTIVE SECURITY

Arm and disarm your system and get email and text notifications all through your smartphone.

HOME AUTOMATION

Take care of everyday tasks such as adjusting the thermostat, turning on the lights or locking the doors automatically.

ACCESS

Remotely monitor and control the main access points of your property – including door locks and garage doors.

MOBILE APPS

Use the mobile app to control your property from almost anywhere at any time.

VIDEO MONITORING

View live video or saved security recordings on your smartphone, tablets or computer.

ENERGY MANAGEMENT

Remotely adjust your thermostat and lights and use schedules customized to fit your lifestyle.
