

Featured Listing: 444 West 19th Street, PH2

Tony Sargent | CORE Group

\$3,650,000

Featuring stunning Manhattan views including the Empire State Building and One World Trade Center, custom finishes, a winged 2-bedroom layout and a private deeded indoor parking space and storage, PH2 is the ultimate Manhattan luxury loft condominium penthouse.

With direct entry from a private elevator into a glass-framed 40' living room designed by Andes Escobar, PH2 is one of a kind. This grand penthouse includes a modern Cucina kitchen with marble counters, Gaggenau and Sub-Zero appliances, as well as custom Brazilian hardwood floors and cabinetry. The master bedroom suite has a private terrace, en-suite windowed spa bath and walk-in closets, and the second bedroom completes the apartment with an alcove home office.

This luxury boutique condominium is complete with a gym, a roof deck, and a beautiful lobby featuring contemporary art from local galleries that mirror its location in the heart of West Chelsea, ideally positioned with immediate access to 10th Avenue's art scene, luxury retail and entertainment, the Meatpacking District and The High Line.
