ORDINANCE NO. 20109 introduced by City Manager Brent Trout, amending the “District Map” referred to and made a part of the Zoning Ordinance by Section 18.50.050 of the Topeka Municipal Code, by providing for certain changes in zoning on property located at the northeast corner of SW Westport Drive and SW 22nd Terrace FROM “O&I-2” Office and Institutional District TO “PUD” Planning Unit Development for “O&I-2” Office and Institutional use group plus self-service laundry use was presented. (PUD17/04)

Brent Trout, City Manager, reported the request was remanded back to the Planning Commission on December 5, 2017, to reconsider the 24-hour laundry operation and the potential traffic impact it would have on the area.

Bill Fiander, Planning Department Director, stated the Planning Commission noted several reasons for recommending a 24-hour operation including flexibility for night shift workers, requiring a staff attendant be present at all times; the business will provide a safe and secure place; and the designated zoning would provide for other 24-hour potential uses such as a gym or health clinic. He noted many of the concerns expressed by residents regarding noise were shifted away from residents by re-orienting the building entrance to the north.

Councilmember Harmon questioned the rationale of staff for originally recommending a 16 to 18 hour operation.

Bill Fiander stated the goal was to compliment the character of a residential neighborhood by supporting normal business hours and closing at 10:00 p.m.
Councilmember Jensen spoke in opposition of a 24-hour operation in a residential area; however, he would support a 16-hour operation.

Councilmember Emerson moved to adopt the ordinance. The motion was seconded by Councilmember Hiller.

Lisa Robertson, City Attorney, suggested the following amendments:

- Add the words “as amended” after the words “shall be recorded” in Section 2 on the first page.
- Renumber the Sections and add a new Section 3 to state, “The hours of operation shall be limited to opening no sooner than 6:00 a.m. and closing no later than 10:00 p.m. during each day of operation.”

Councilmember Jensen moved to amend the ordinance as stated by the City Attorney. The motion seconded by Councilmember Ortiz carried. Councilmembers Clear, Schwartz, Hiller and Mayor Wolgast voted “no.” (6-4-0)

Councilmember Hiller spoke in support of the ordinance; however, she prefers the developer’s proposal of a 24-hour operation.

Mayor Wolgast asked members of the Governing Body to declare ex parte communications.

Mayor Wolgast and Councilmembers Hiller, Clear, Ortiz, Emerson, De La Isla, Jensen, Schwartz, Coen and Harmon declared ex parte communications in the form of emails and phone calls from proponents and opponents. They noted despite the communications received they were able to make a fair and objective decision on the application based on the evidence provided in the record.

The motion to adopt the ordinance as amended carried unanimously. (10-0-0)

The ordinance was adopted on roll call vote as follows: Ayes: Hiller, Clear, Ortiz, Emerson, De La Isla, Jensen, Schwartz, Coen, Harmon and Mayor Wolgast -10.

Councilmember Clear, Economic and Community Development (ECD) Committee Chair, reported the Committee recommended approval by a vote of 3-0-0 on November 8, 2017, for a total grant allocation amount of $796,233 ($211,233 for Contracted Services and $585,000 for Social Services). She stated the amount includes funds for contracted services to move to the appropriate departments as well as social service grant applicants.

Councilmember Clear moved to adopt the Committee’s recommendation. The motion was seconded by Councilmember Jensen.

Councilmember Hiller commented on the history of the grant process and how it has evolved over the past eight years. She questioned the $211,233 being absorbed into department operational budgets for agencies that provide contracted services and if the application scoring would still be reviewed for the agencies providing contracted services.

Councilmember Clear stated the contracted service agencies will still be required to submit quarterly reports to staff.

Sasha Haehn, Department of Neighborhood Relations Director, stated quarterly reports (financial and performance outcomes) would still be required and reviewed by staff; however, the ECD would determine if they would like to review the reports annually, semi-annually or quarterly. She noted the $211,233 would move into department operational budgets in 2019.

Councilmember Clear stated she believes there is no reason the allocations should be considered again by the Governing Body because the allocation process would be handled through the Committee.

Councilmember Hiller stated there have been years when the Governing Body was involved in the entire process and she believes that helped the Governing Body stay informed and supports a transparent process.
Councilmember Ortiz spoke in opposition of the Committee process as she believes it should be handled at the Governing Body level as it is their duty to review and allocate the grants for social service agencies.

Councilmember De La Isla stated the process changed because there were many organizations receiving funds that did not produce measurable outcomes. She suggested the Governing Body determine what their funding priorities are in regards to grants and then provide directive to the Committee.

Councilmember Jensen stated he concurs with Councilmember De La Isla and stated the application and scoring process was established to make it fair and equitable for all agencies. He spoke in support of removing contracted services from the process and holding departments responsible for ensuring services are being provided in the most efficient and effective way. He thanked the Committee for their work and organized process.

Councilmember Schwartz spoke in support of the process and thanked the Committee for their work.

Councilmember Hiller clarified that she agrees with the process and believes it works and was a good solution to address the issues surrounding the grant allocation process; however, the Governing Body should remain fully informed on the process by being provided all the information included in the application packet.

The motion to adopt the Committee’s recommendation carried. Councilmember Ortiz voted “no.” (9-1-0)
