CONTRACT NO. 31887 between the City of Topeka and the Topeka Performing Arts Center (TPAC) providing for operation of TPAC, was presented.

Richard Wienckowski, TPAC Chair stated that he felt this was a fair contact, but they would prefer a ten-year agreement. He stated that a shorter-term contract, such as a five-year agreement could make solicitation of substantial charitable gifts very difficult. He stated that large donors are concerned that the charitable entity, which receives their gift, will have the ability to continue to apply the gift to the charitable mission over time. He further explained that it makes recruitment of qualified employees more difficult as there is an unwillingness to relocate when the possibility exists that the employer and the job may cease to exist. He stated that a five-year contract can also be problematic in negotiating a contract with an outside company to support operation and management as such companies look for a longer term opportunity to develop the local operation. He stated that management companies also have start-up costs which cannot be recovered in the near term.

Councilmember Stubbs suggested adding the language "to develop and implement" a five-year Capital Improvement Plan on Page 9, Goal #9.
Councilmember Price suggested that a better definition of "operating support" be given for Goal #1 on Page 8.

Brenden Long, City Attorney suggested the language could be changed to "operational funding" that is appropriated annually.

Councilmember Pomeroy stated that he would like to have the information that was previously requested regarding salaries of the director and staff of TPAC.

Harold Hansen, TPAC Director stated that he would get the information and distribute it this evening.

Discussion followed regarding TPAC's business plan, having a budget to address different components of the operation, how the City's funds are used, discount rates and who owns equipment used at TPAC.

Councilmember Price moved to amend the agreement on Page 8, Section C-1 to add "operating support provided by the City". The motion was seconded by Councilmember Lane.

Councilmember Duffy stated that TPAC should double the amount of the City's contribution, because to match it would require less than what they have done in the past.

Richard Wienckowski, stated that their intent is to raise as much funding as possible so they can receive less funding from the City. He said they are trying not to put things in the contract that could create events of default.

The motion carried. Councilmember Dunn voted "no". (8-1-0)

Harold Hansen, TPAC Director distributed their organization chart with salary ranges and job descriptions.
Councilmember Stubbs moved to insert "and implement" on Goal #9 after the word "develop". The motion seconded by Councilmember Price carried. Councilmembers Alcala, Lane and Dunn voted "no". (6-3-0)
