Councilmember Price commended staff on their hard work and time spent on resolving the difficult financial issues that they faced with the 2004 Budget. The amendment takes the total mill levy increase down to 1.66 instead of the 4.49 that was proposed in the Mayor’s budget.

Councilmember Price moved to amend the budget as proposed in his handout. (See Budget Amendment 8.19.03 attached.) The motion was seconded by Councilmember Duffy.

Councilmember Price explained the amendments.
Councilmember Haynes stated that he believes the proposed amendments prove that the necessary funds needed to provide services to the taxpayers can be provided without an increase in the mill levy. He also stated that the amendment should reflect the carryover funds from the 2003 budget to cover the costs of hiring more patrol officers and new police vehicles. He continued to explain that does not want to eliminate Team Topeka Youth Employment Program and also believes that there could be additional savings in the 2003 budget with better management of funds.

Councilmember Pomeroy suggested that the Council vote on the proposed amendment and then add any additional budget adjustments later.

Discussion continued regarding the necessity of new police vehicles, patrol officers, 3-mile extra territorial zone inspectors, and the age and condition of the Fleet Operations vehicles.

Councilmember Duffy stated that he agrees the amendment should be voted on as an entire package. He also stated that the Mayor’s budget does not fund the incentive program for Downtown Topeka and the JEDO Board should keep that in mind when allocating the one-quarter cent sales tax.

Discussion continued on closing one company in the Fire Department verses cutting vehicles and additional officers in the Police Department.
