Councilmember Alcala moved to amend line 18 of the agreement to extend the deadline to May 1, 2005. The motion was seconded by Councilmember Haynes.

Mayor McClinton stated that he agrees with Councilmember Nave and believes that they should support the will of the voters and let the State create a committee to conduct the study.

Councilmember Pomeroy stated that consolidation of the Parks and Recreation department makes the most since because it has been studied.

Councilmember Duffy stated that he opposes the consolidation because tax equity is a concern and it would eliminate the City Parks and Recreation Department, which is an urban service, not a county service.

Councilmember Stubbs stated that an interlocal agreement would accomplish what they want regarding tax equity for both City and County Parks and Recreation Departments. She also stated that the agreement would not hinder future consolidation of City and County governments.

Councilmember Chancler stated she opposes the resolution because she believes that they should allow State legislature the opportunity to study City-County government consolidation as a whole and listen to what the voters want.

Councilmember Haynes moved to approve the amendments as distributed. The motion was seconded by Councilmember Chancler.

Councilmember Pomeroy stated that he opposes striking the word “Mayor” in the first paragraph.

Councilmember Muller stated that she also is opposed to striking the word, “Mayor” because that is the only JEDO member that is elected at large. She also expressed concern with removing “Director of Budget and Finance” and replacing it with “City Manager and/or designee” without staff input.

Councilmember Duffy asked to divide the question.

The motion to approve Amendment No. 1 relating to JEDO failed. Councilmembers Pomeroy, Chancler, Duffy, Nave, Stubbs and Muller voted "no". (3-6-0)

Unless otherwise agreed to by the parties, these excess monies, less any economic development (as provided by paragraph five of this agreement) or county bridge (as provided by paragraph six of this agreement) commitments, shall be distributed to the City and County in the proportional rates at provided by Kansas law at the time of the excess monies determination.”

Councilmember Muller moved to approve the amendments as distributed by the City Attorney. The motion seconded by Councilmember Muller carried unanimously. (9-0-0)

Councilmember Duffy stated that he believes there are two main issues that need to be addressed; the appropriate oversight of taxpayer’s dollars, and to insure that funds are spent in the best way possible in terms of projects for economic development throughout the city. He continued to explain that the most effective way for funding accountability would be to follow the city ordinance that was specifically crafted to allocate funds through contracts, not an interlocal agreement.

He also expressed concern with the language that was deleted in the new agreement regarding expenditure of funds for the economic development strategy in the Comprehensive Plan. He also inquired on the economic goals that have been set by JEDO and Go Topeka and asked if those goals include No. 6 and No. 8.
Councilmember Pomeroy stated that it would be difficult for the Councilmembers that serve on the JEDO Board to respond to Councilmember Duffy’s inquiries because they were not directly involved in the writing of the economic strategy of the Comprehensive Plan.

Councilmember Haynes read the last paragraph on page 1 of the old agreement and asked why the language regarding the expenditure of revenue that is raised is deleted from the new agreement.

Mayor McClinton stated that the current agreement was created from the County Commission’s recommendations and can be modified by the Council prior to approval.

Councilmember Pomeroy suggested adding the language back into the agreement.

Brenden Long stated that all projects listed in the economic development strategy should be eligible for funding through the one quarter-cent sales tax revenue. He also stated that the decision must to be approved by JEDO and the County Commission.

Councilmember Duffy moved to amend the agreement to add the statement, “Economic Development is defined by the implementation of the economic development priorities based on a yearly basis by the Joint Economic Development Organization guided by the Joint Shawnee County Development Plan to the extent that such a plan has been adopted by both parties.” The motion was seconded by Councilmember Stubbs.

Councilmember Stubbs asked Councilmember Duffy if the second “whereas clause” regarding the list of what the County is considering for economic development, and the second paragraph located on page 3 regarding the timeline for setting JEDO priorities for the following year, addresses his concerns on funding projects.

Councilmember Chancler clarified that the City accounts for 4 of the 7 votes required for funding approval of a project.
Councilmember Haynes asked Councilmember Duffy how he would like to change the wording of the new agreement to address his concerns.

Councilmember Duffy stated that he would like the agreement to include guidance of economic development priorities.

Councilmember Muller stated that if JEDO is not going to pursue the entire Comprehensive Plan then they need to identify which strategies they would like them to address.

Councilmember Preisner called the question.

The motion on if the question shall be called failed. Councilmembers Alcala, Chancler, Haynes and Stubbs voted "no". (5-4-0)

Councilmember Duffy asked who in local government is responsible for the development of the Comprehensive Plan. He stated that the Council needs to benchmark the City-County priorities because the JEDO set the priorities not the City. He expressed the need for a communication mechanism to provide all Councilmembers with responses to inquiries.

Brenden Long stated that they could create language for the agreement that would address the needs of the Council.

Councilmember Duffy moved to amend the agreement to require independent contractors to respond to inquiries from both voting and non-voting board members of County or City government. The motion was seconded by Councilmember Preisner.

Councilmember Stubbs stated that she believes that the Council is responsible for their own actions regarding the JEDO Board setting priorities.

Councilmember Chancler stated that the priorities are only based on the recommendations of the City and County and carryover into the next year if none are identified in the current year.
Councilmember Preisner called the question.

Councilmember Duffy challenged the call.

The motion on if the question shall be called failed. Councilmembers Pomeroy, Haynes, Duffy and Muller voted "no". (5-4-0)

The motion to amend carried. Councilmembers Alcala, Chancler, Haynes and Stubbs voted "no". (5-4-0)

Councilmember Duffy stated that the final issue he would like to address relates to a partnership that would maximize the use of economic development opportunities between the City of Topeka and the State of Kansas by utilizing the new Economic Development Act or STAR Bonds.

Councilmember Preisner moved to approve the agreement as amended. The motion was seconded by Councilmember Stubbs.

Councilmember Pomeroy moved to amend the agreement to include that all non-voting members are alternates and may be called on to take voting members place due to absence. The motion seconded by Councilmember Chancler carried unanimously. (9-0-0)
