AN ORDINANCE introduced by City Manager Norton N. Bonaparte, Jr., concerning driving under the influence of alcohol or drugs, amending Standard Traffic Ordinance Section 30 and repealing the original Section placed on first reading January 8, 2008 was again presented.

Norton N. Bonaparte, Jr., City Manager gave the staff report.

Councilmember Haynes asked if they anticipate an increase in the operational costs of the Municipal Court Department.

Norton N. Bonaparte, Jr., City Manager stated that the estimated increase in cost would be $50,000 a year.
Councilmember Harmon asked the City Attorney how many cases the District Attorney’s office has chosen not to prosecute.

Brenden Long, City Attorney stated that he does not know the exact number of DUI cases that are not prosecuted by the District Attorney’s office.

Councilmember Preisner stated that he does not support the ordinance because he believes additional tax money would be spent on cases the District Attorney’s office should be prosecuting.

Councilmember Alcala asked for clarification of the intent of the ordinance.

Norton N. Bonaparte, Jr., stated that the ordinance would allow the City to have jurisdiction to prosecute cases the District Attorney’s office chooses not to prosecute.

Councilmember Haynes asked what reason the District Attorney’s office would have not to prosecute certain DUI cases. He also asked if there would be any additional staff needed to prosecute the DUI cases.

Brenden Long stated that the District Attorney’s office reviews their case load and determines which DUI cases to pursue, and which cases they believe should be prosecuted by the City of Topeka Municipal Court. He noted that no additional staff would be needed.

Mayor Bunten asked what the expected costs would be to the City.

Brenden Long stated that expected costs would include court-appointed fees and jail costs.

Councilmember Preisner asked if City administration supports the jurisdiction change.

Norton N. Bonaparte, Jr., stated that City administration supports the ordinance.

Councilmember Alcala stated that he would not support the ordinance because the exact number of DUI cases not prosecuted by the District Attorney’s office has not been determined.

Councilmember Blackburn stated that the fee increase would be paid to the Police Department Equipment fund and could potentially assist with the new helicopter lease purchase payments.

Councilmember Haynes asked if the ordinance specifies that the funds would be used for the new helicopter lease purchase payments.

Councilmember Blackburn stated that the ordinance authorizes the increase in fees to be used for any Police Department equipment that may be needed.

Councilmember Haynes asked if the in-car cameras needed for the police cars could be funded from the increase in fees.

Norton N. Bonaparte, Jr., City Manager stated that the Council has the authority to stipulate what equipment would be purchased with the additional funding.

Councilmember Alcala stated that he believes the current court fees are too high and an increase could create more arrest warrants. He asked the City Attorney what the law states regarding the use of Police Department Equipment funds.
Brenden Long, City Attorney stated that the Council has the authority to approve the equipment purchased with the Police Department Equipment funds.

Councilmember Blackburn noted that the Municipal Court administration did not experience an increase in uncollected debt from the initial raise of court cost fees.

Steve Ebberts, Municipal Court Judge stated that there are too many factors to consider when determining if a $5.00 increase in court fees would have an effect on the increase of uncollected debt by the City.

Councilmember Blackburn moved to adopt the ordinance. The motion was seconded by Councilmember Woelfel.

Brenden Long clarified that when specific expenditures are proposed, the City Manager would present an appropriation ordinance to the City Council authorizing a specific amount for specific equipment, which would require the Council’s approval to use the funds.

Mayor Bunten expressed concern with increasing court cost fees and using the additional funding to assist with the helicopter lease purchase payments. He stated that he believes the Police Department Equipment fund is not necessary because the additional funds generated could be placed in the general fund and used to purchase a new Police Department helicopter if deemed by the Council.

Councilmember Haynes moved to amend line 23 of the ordinance by deleting the words “thirty (30) hours” and inserting the words “five days”. The motion was seconded by Councilmember Ortiz.

Councilmember Kennedy expressed concern with the time constraint proposed by Councilmember Haynes. She stated that resolutions granting noise exceptions and Open After Midnight License applications have been submitted late from time to time.

Brenden Long, City Attorney stated that resolutions granting noise exceptions and license applications would not be allowed to be added to a Council agenda at a Council meeting because the documents would not be considered an emergency ordinance. He also stated that in his opinion, the ordinance does not exhibit a good definition of emergency ordinance; therefore, it would be at the discretion of the Council to take action on items submitted at a Council meeting.

Councilmember Blackburn read City of Topeka Code Section A2-30(e) and K.S.A. 12-3001 concerning the procedure of submitting an ordinance to the Council.
