for a term that would expire on March 31, 2011 was presented.

A RESOLUTION introduced by Councilmember Jeff Preisner, authorizing and adopting
the 2008-2009 Capital Improvement Budget for the City of Topeka, Kansas and rescinding
Resolution No. 8018 was presented.

Councilmember Preisner reported that the proposed amendments to the 2008-2009
Capital Improvement Budget (CIB) and the 2008-2012 Capital Improvement Program (CIP)
would eliminate $620,000 of funding from the Signalization Replacement Program, and remove
$2 million of the $2.5 million set aside for the construction of Fire Station No. 13. He stated that he believes the amendments would help begin the process of prioritizing city street improvements.

Councilmember Preisner moved to approve the resolution. The motion was seconded by Councilmember Swank.

Councilmember Haynes asked if the amendments would have to be authorized by the Council before the funding is allocated.

Norton N. Bonaparte, Jr., City Manager stated that approval of the resolutions would not authorize the allocation of funds at this time. He explained that approval would only authorize staff to create a detailed project budget of how the funds would be spent, which must be approved by the Council before the funds are allocated.

Councilmember Haynes expressed concern with how the shift in funding would affect other projects outlined in the 2008-2012 CIP. He suggested that the resolutions amending the 2008-2009 CIB and the 2008-2012 CIP be referred to the Public, Health and Safety Committee for further review.

Councilmember Alcala expressed concern with eliminating funds from the Signalization Replacement Program. He stated that he believes it could create a potential safety issue.

Councilmember Haynes made a substitute motion to refer item 5A, a resolution authorizing and adopting the 2008-2009 Capital Improvement Budget and; item 5B, a resolution authorizing and adopting the 2008-2012 Capital Improvement Program to the Public, Health and Safety Committee. The motion was seconded by Councilmember Alcala.

Councilmember Harmon stated that he supports the intent of the resolutions, and agrees that the streets are in desperate need of repair; however, studies show that there is also a need for
Fire Station No. 13. He asked if funding for the fire station would be included in the 2008-2009 CIB.

Norton N. Bonaparte, Jr., stated that the 2008-2009 CIB could be revised to include the $2 million needed to construct Fire Station No. 13. He suggested that a Committee of the Whole meeting be scheduled to discuss how to amend the 2008-2009 CIB to insure the funding for the fire station is included.

Councilmember Blackburn asked if there is another funding source available for the new fire station.

Randy Speaker, Deputy City Manager of Operations stated that the City is negotiating with a potential outside funding source; however, he does not anticipate that the project will be fully funded.

Norton N. Bonaparte, Jr., noted that negotiations are still in the preliminary stages.

Councilmember Alcala expressed concern with the process in which funds are reallocated to the CIB once they are removed.

Councilmember Haynes urged the Council to allow the Public, Health and Safety Committee to study all of the options before considering the amendments at a Council meeting.

Councilmember Woelfel suggested that the resolutions amending the 2008-2009 CIB and the 2008-2012 CIP be deferred for one week to allow Council sufficient amount of time to review the proposed amendments.

Norton N. Bonaparte, Jr., stated that staff would supply the Council with alternate funding recommendations that would include funding for the new fire station.
Councilmember Preisner stated that it was never his intention to entirely eliminate the funding for Fire Station No. 13. He also stated that he would oppose referring the resolutions to Committee because he believes the issue needs to be addressed as soon as possible.

Councilmember Haynes withdrew the substitute motion to refer the resolutions to the Public, Health and Safety Committee. The second concurred.

Councilmember Kennedy left the meeting.

Councilmember Harmon made a substitute motion to defer item 5A, a resolution authorizing and adopting the 2008-2009 Capital Improvement Budget and; item 5B, a resolution authorizing and adopting the 2008-2012 Capital Improvement Program until March 11, 2008, with the understanding that the Committee of the Whole would meet to discuss the proposed funding amendments.
