Code of the City of Topeka, and repealing said original section placed on first reading August 19, 2008 was again presented.

Braxton Copley, Deputy City Attorney stated that approval would allow the City of Topeka to be exempt from the non-uniform State requirement of making a finding of why an individual may not be qualified to serve on a board or commission. He noted that approval would require seven affirmative votes by the Governing Body.

Councilmember Preisner noted that a number of cities have already opted out of the requirement.

Councilmember Preisner moved to adopt the charter ordinance. The motion was seconded by Councilmember Kennedy.

Mayor Bunten questioned the need for the charter ordinance.

Councilmembers Swank stated that it would be an unnecessary practice to follow.

Councilmember Kennedy stated that they must insure fairness regarding appointments to various boards and commissions.

Councilmember Alcala stated that the overall project is a great investment for the city; however, he would oppose the project because he believes the developer should absorb the cost of the parking lot project.
Councilmember Swank spoke in support of the project. She stated that it has taken over ten years to locate a developer that was willing to take the risk and envision the rehabilitation of the neighborhood. She noted that the project has increased the value of the homes in the neighborhood and helped increase Washburn University enrollment.

Councilmember Ortiz questioned how the parking lot would be identified as public parking; and why the project was not included in the initial redevelopment plan.

He stated that each resolution proposes a different special purpose retailers’ sales tax question to be placed on the November 4, 2008 ballot. He noted that a decision must be made immediately in order to meet the ninety-day deadline for the November 4, 2008 election.

Councilmember Alcala stated that he has received a number of telephone calls from concerned citizens in relation to the governing body approving a special purpose retailers’ sales tax. He clarified that approval of any one of the resolutions proposed would only place the special purpose retailers’ sales tax question on the November 4, 2008 election ballot, allowing the citizens to decide on the sales tax issue.
