Executive Summary

INTRODUCTION

At the end of each quarter, the Financial Services department reports on the City of Topeka's financial condition. The following quarterly financial report provides an analysis of the first quarter of fiscal year 2018, ending March 31, 2018 The information contained in this report is based on unaudited financial statements and excludes adjustments that may be required by the City's auditors at a later date.

This report provides an analysis of financial trends through the first quarter of 2018 compared to the same time period in 2017. An analysis of major revenues is presented in the executive summary of this section, along with an analysis of major expenditures.

The first section of the report outlines the City's major revenue streams and expenditures for budgeted funds and compares them to previous year information. The second section of the report outlines financial information on a budgetary basis for all City budgeted funds, including comparing year-to-date actuals with the adopted budget. The third section of the report outlines the status of outstanding capital projects for the current fiscal year and contains the actual quarterly report filed with the official City newspaper.

BASIS OF REPORTING

The purpose of this section is to describe the type of reporting that is utilized for this report, which is different than the Comprehensive Annual Financial Report (CAFR), which utilizes generally accepted accounting principles (GAAP) basis, is prepared at year end and is reviewed by an independent auditor. This report is based upon a cash basis of accounting, which is legally required by the State of Kansas as a minimum for reporting, in which revenues are not recognized until received and encumbrances are reported as a charge to the current budget. This report is prepared primarily for management of the City budget and oversight of revenues and expenditures in order to recognize positive and negative trends throughout the fiscal year.

Primary differences between the budgetary basis vs GAAP are as follows, these are just some examples and are not meant to be exhaustive:

Cash Budgetary Basis vs Modified Accrual									
Туре	Cash Budgetary Basis	Modified Accrual							
Revenues	Recognized when cash is received	Recognized as soon as they are both "measureable" and "available"							
Encumbrances	Treated as expenditures	Not treated as expenditures							

In 2015 the City changed how it is accounting on a regular basis from a modified accrual basis to a cash basis in order to be more transparent in reporting purposes for quarterly reporting. Annual reports are still presented on a modified accrual basis.

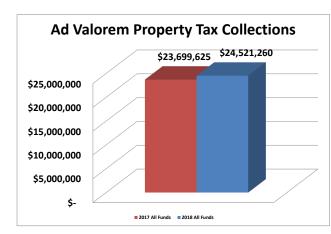

Executive Summary

MAJOR REVENUE HIGHLIGHTS

The purpose of this section is to describe the major revenues of the City and compare them to the previous and current year budgets. Revenues were up 4% to \$77,189,551 at the end of the first quarter of 2018, compared to year to date 2017 revenues of \$74,451,678.

PROPERTY TAX

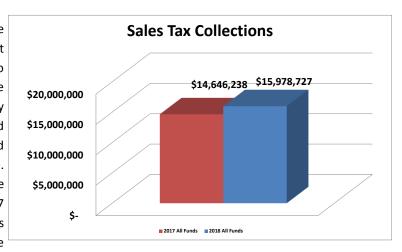

The Ad Valorem Tax is one of the largest single revenue streams available to Kansas cities. These

revenues are derived from taxes levied on real property, personal property and state assessed utilities. The Shawnee County Appraiser valuates real and personal properties, while the State of Kansas assigns values to state assessed utilities. Property taxes accounted for approximately 32% of the total revenues for the first quarter of 2018. The City maintains three taxing funds: the General, Debt Service, and Special Liability.

Property taxes collected in 2018 year-to-date were \$24,521,260 compared to \$23,699,625 in the same period in 2017, an increase of \$821,635 or 3%. The City receives approximately 98% of property tax collections by June with another 2% distributed the second half of the year.

The City of Topeka receives three sales taxes, two for direct operations and one for countywide purposes. In addition to those, the City receives dedicated sales tax primarily for the payment of debt service and pay as you go community improvement districts. The two sales taxes that are utilized for operations are a 1 cent sales tax for the general fund and a 1/2 cent sales tax utilized for existing street maintenance. Total sales tax collections for year to date 2018 were \$15,978,727 a 9% increase over the year to date 2017 revenues of \$14,646,238. In addition the City receives monthly disbursements from the State of Kansas, these

allocations have a two month lag compared to when they are collected versus when the City receives them.

Of the \$66.8 million that the City receives the following are used for operational purposes: \$30.3 million is allocated to the general fund, \$14.0 million was received in the street fund and \$22.5 million was received in the countywide 1/2 cent sales tax fund, which is then utilized for street improvements, economic development and County road and bridge projects. Total sales tax collected represent 21% of the total revenues, making it the second largest revenue stream collected to date. Sales tax is collected on a monthly basis.

Currently the forecast incorporates an annual 1% increase in the sales tax receipts for years 2018-2021.

POSITIVE CAUTION NEGATIVE

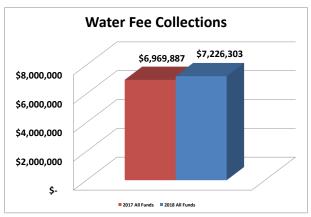

Executive Summary

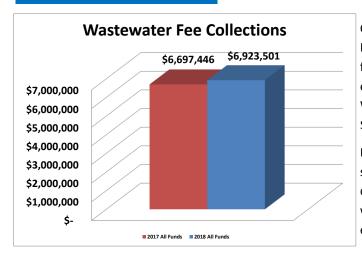

WATER FEES

Customers in the City are charged a fee for water services, fees are reviewed on an annual basis to ensure adequate future financial planning and the capacity to maintain, preserve and enhance the infrastructure of the City water system. Water fee revenues are up 3.7% in 2018 with year to date collections of \$7,226,303 compared to 2017 collections of \$6,969,887.

KSA 12-825d requires any revenue derived from the sale and consumption of water to be disbursed only for the operation of the plant or distribution system. The water fund is currently challenged with an aging infrastructure that has a higher number of breaks per mile than the national average. The aging infrastructure is placing additional strain on the system, which will cause higher maintenance costs and require additional improvements in the infrastructure. The City water system has typically bonded projects, however moving forward in order to replace additional mains, the City will need to look at cash funding projects and review utility rates.

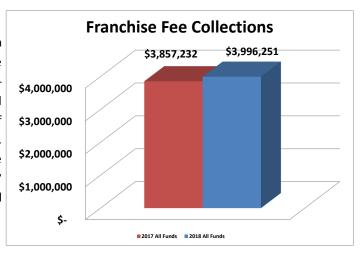

WASTEWATER FEES

Customers in the City are charged a fee for wastewater disposal. Fees are reviewed on an annual basis to ensure adequate future financial planning and the capacity to maintain, preserve and enhance the infrastructure of the City wastewater system. Wastewater fee revenues are up 3.7% in 2018 with collections of \$6,923,501 compared to 2017 collections of \$6,697,446.

KSA 12-630a allows the governing body of any city to provide for a system of treatment and disposal of wastewater. All revenues derived from the wastewater system are deposited into the wastewater fund. The utility is required to maintain cash on hand equal to 120% of debt service, based on bond covenants.

Franchise fees are based upon agreements between the City and local utilities. Generally, these agreements are long term and result in payments to the City of 5-6% of utility revenues in return for use of rights of way. All franchise fees are credited to the General Fund. Sources of franchise fees tend to be volatile, based on the weather, commodity pricing and utility rates. Franchise fee collections are up 3.6% in 2018 with collections of \$3,996,251 compared to 2017 collections of \$3,857,232. Westar franchise fees are 6% and all others remain at 5%.

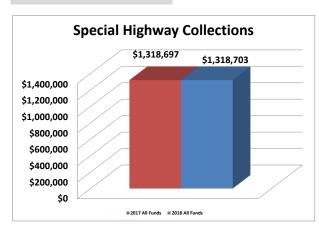

POSITIVE CAUTION NEGATIVE

Executive Summary

SPECIAL HIGHWAY

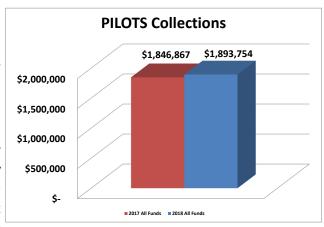

State motor fuel tax collections are based on wholesale gallons sold, instead of the value or price of the gallons sold. The state distribution formula allocates 33.63% for cities and counties. The amount for cities is based on the ratio of city population to the total population of the state. Every County also receives a minimum of \$5,000. Of the balance remaining, 44.06% is apportioned based upon motor vehicle registration fees from the prior year, 44.06% based upon the average daily miles traveled in all counties, and 11.88% based upon the total road miles of counties in the state. Then Shawnee County takes 50% of the moneys received and gives it to the cities based on population. Special highway

collections are flat. In 2018 the City received \$1,318,703, compared to 2017 collections of \$1,318,697.

PILOTS

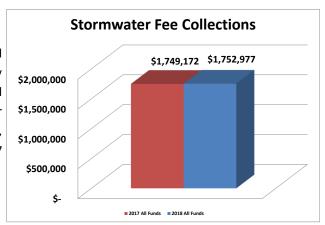

Payments in lieu of taxes are payments made to the City based upon either agreements with the City utilities, or agreements with outside agencies that the City may have given tax abatements to, and have an agreement in place to pay a portion of taxes that would typically be due.

The City utilities pay PILOTS and the formula is based upon two areas. This includes 1) a 6% payment of total revenues generated for the ability to utilize City rights-of-way and 2) utilities are assessed as an utility would be by the County appraiser, their total valuation is taken times the assessed valuation rate of 33%, then multiplied by the mill levy resulting in the PILOT fee. Collections are up 2.5% with \$1,893,754 collected in 2018, compared to \$1,864,867 in 2017.

STORMWATER FEE

The stormwater fee was created by ordinance on January 1, 1997 to fund the stormwater utility. The fees collected by the utility are designated by ordinance to pay solely for the maintenance, repair, enhancement and administration of the stormwater system of the City. The stormwater system includes inlets, pipes, levees, creeks, rivers, publicly owned ditches, channels, and detention ponds. Collections are flat with \$1,752,977 collected in 2018, compared to \$1,749,172 in 2017.

MAJOR EXPENDITURE HIGHLIGHTS

The purpose of this section is to describe the major expenditure types, which are divided up into 5 categories: personnel, contractual, commodities, other payments, and capital outlay. Expenditures are up 4% for 2018 to \$54,794,695, compared to 2017 expenditures of \$52,853,330

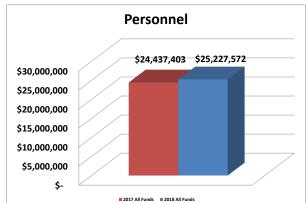

POSITIVE CAUTION NEGATIVE

Executive Summary

PERSONNEL

Personnel costs consist of anything related to compensating employees, including employee benefit costs such as the City's

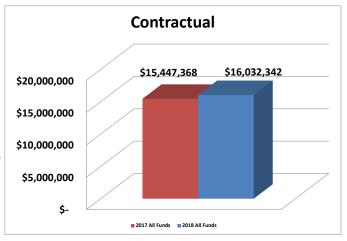

contribution for retirement, social security and health insurance. Personnel costs for all funds constitute the highest percent of expenditures at 46% of the year-to-date 2018 expenses. Personnel costs increased 3% in 2018 to \$25,227,572, compared to 2017 totals of \$24,437,403.

Increases in personnel costs are primarily driven by wage increases, commonly negotiated through contracts for the majority of City employees. Increases in benefits continually place a financial burden on the City as KPERS, KP&F and Health insurance benefits increase annually greater than the rate of inflation.

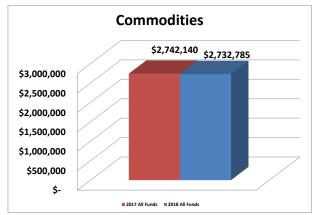

CONTRACTUAL

Contractual costs related to running the

City on a daily basis include property insurance premiums, utility costs, printing services, rent and maintenance services. Contractual services make up the second largest category of spending, consisting of 29% of total expenditures. Contractual services increased by 4% in 2018 with expenses of \$16,032,342 compared to 2017 expenses of \$15,447,368.

COMMODITIES

Commodity expenditures include materials for asphalt, rock, sand, salt, insecticide, fuel, chemicals and office supplies. Commodity expenditures for 2017 are flat, with 2018 expenses of \$2,732,785, compared to 2017 of \$2,472,140.

OTHER PAYMENTS

Other payments include items such as debt service payments and operating transfers. The majority of expenditures are due to transfer out and debt payments that are paid in the utilities, parking and debt service funds. Other expenditures increased 7% to \$10,600,461 in 2018 from \$9,923,118 in 2017.

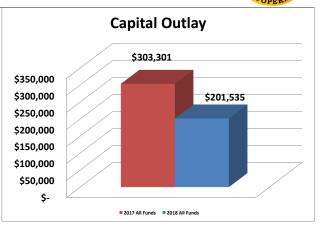

_		
POSITIVE	CAUTION	NECATIVE

Executive Summary

CAPITAL OUTLAY

Capital outlay expenditures include payments that are made for land, building improvements, furniture, motor vehicles, zoo animals, computer software, and tools and equipment. Capital outlay expenditures decreased by 34% to \$201,535 in 2018 from \$303,301 in the same period in 2017.

SUMMARY OF FUNDS BY REPORTING TYPE

The definitions below help to explain the types of funds that the City of Topeka utilizes:

Governmental Funds: used to account for activities primarily supported by taxes, grants and similar revenue sources

Proprietary Funds: used to account for activities that receive significant support from fees and charges

General Fund: used to account and report all financial resources not accounted for and reported in another fund

Debt Service Fund: used to account for and report all financial resources for expenditures related to principal and interest payment

Special Revenue Fund: used to account for the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects

Enterprise Fund: used to report any activity for which a fee is charged to external users for goods or services

Internal Service Fund: used to report any activity that provides for goods or services to other funds, departments, or agencies

General Fund: 101

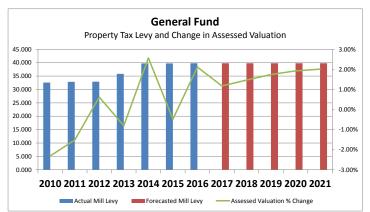

to support the various services throughout the City.

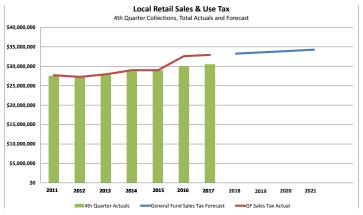

REVENUE HIGHLIGHTS

Total revenues in the General Fund for year to date 2018 were \$31,795,334. A comparison to revenues collected in 2017 shows an increase from \$31,405,906 or 1.24%. The following outlines changed to the major categories of revenues collected by the General Fund.

Property taxes are the second largest revenue source in the General Fund, accounting for 28% of budgeted revenues for 2018. At the end of the quarter \$15,189,940 was collected or an increase of 4% from \$14,618,689 in the same period in 2017.

The General fund is the City of Topeka's primary operating fund Local retail sales and use tax are the largest revenue source in and is comprised of a number of services such as City Council, the General Fund, accounting for 34% of budgeted revenues for Mayor, Police, Fire, Executive, Public Works and various other 2018. Collections are generated from the 1 cent city sales tax services. The General Fund is one of the largest accounts and that is set aside specifically for the general fund. Sales Tax provides an array of various services to the citizens of Topeka. It collections for year to date 2018 are \$8,002,087 down 1.18% is the fund with the largest mill levy that general tax dollars go compared to collections for year to date 2017 of \$8,097,706.

The City receives monthly disbursements from the State of Kansas, these allocations have a two month lag compared to when they are collected versus when the City receives them.

Franchise Fees represent approximately 16% of budgeted revenues for 2018 and is the general fund's third largest revenue source. Current quarter 2018 collections were \$3,996,251 a 3.6% increase over 2017 collections of \$3,857,232. Generally, the agreements provide long term access to City easements in exchange for a portion of gross revenues and other considerations.

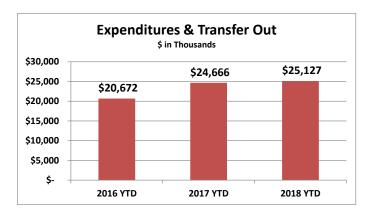

Payments in Lieu of Taxes (PILOTS) represent approximately 8% of budgeted revenues for 2018. PILOTS are payments made by the City utilities, which include the Water, Wastewater, Stormwater and Parking funds, for 1) general taxes levied by the City and 2) a franchise fee based on gross revenues. The City charges utilities for general taxes that any utility in the City would pay to the County an a biannual basis for distribution. The franchise fee is a 5% fee of gross revenues for each of the City utilities. Collections for year to date 2018 are \$1,892,504 a 2.5% increase over year to date 2017 collections of \$1,845,616

General Fund: 101

EXPENDITURE HIGHLIGHTS

Actual expenditures for year to date 2018 were \$25,126,693 an **GENERAL FUND BALANCE** increase of 1.83% over 2017 expenditures of \$24,665,921.

Personnel expenditures were up 3.64% in the first quarter of 2018 at \$18,939,063 compared to 2017 expenses of \$18,273,268. Personnel costs are the largest expense for the General Fund, making up 78% of the total budgeted 20178expenses. Personnel expenditures consist of regular wages, overtime pay, Medicare, KPERS, KP&F, health insurance benefits, and workers compensation.

Contractual expenditures were up .2% in the first quarter of 2018 at \$5,278,160 compared to 2017 expenses of \$5,267,442. Contractual expenses consist of 19% of the 2018 budget, making it the second largest category for the General Fund. Contractual expenditures consist of payments such as utilities, insurance, rent, printing and advertising.

Commodities expenditures were up 2% in the first quarter of 2018 at \$628,969, compared to 2017 expenses of \$615,637. Commodities expenses consist of 3% of total budgeted expenditures for the 2018 budget, making it the third largest category for the General Fund.

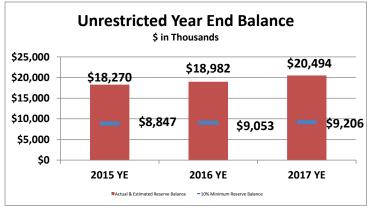

Other Payments were down 9% in the first quarter and primarily consist of clearing accounts for the City and payments for the franchise fee rebate program. Expenditures in 20178 were \$228,304 compared to 2017 expenditures of \$251,088

Capital Outlay expenditures were down 80% in the first quarter of 2018. Expenditures for 2018 were \$52,197 compared to 2017

year to date expenses of \$258,486

The General Fund balance increased by \$1.5 million at 2017 year **Personnel** expenditures were up 3.64% in the first quarter of end over the 2016 balance. The general fund increased its 2018 at \$18,939,063 compared to 2017 expenses of unrestricted fund balance in 2017 to \$20,494 million from the \$18,273,268. Personnel costs are the largest expense for the 2016 unrestricted year end fund balance of \$18,982 million.

The blue line in the graph below represents the minimum reserve balance that is set in policy as 15% of total revenues, in 2015 the City reached a 20% fund balance goal.
