Executive Summary

INTRODUCTION

At the end of each quarter, the Financial Services department reports on the City of Topeka's financial condition. The following quarterly financial report provides an analysis of the first quarter of fiscal year 2019, ending March 31, 2019. The information contained in this report is based on unaudited financial statements and excludes adjustments that may be required by the City's auditors at a later date.

This report provides an analysis of financial trends through the first quarter of 2019 compared to the same time period in 2018. An analysis of major revenues is presented in the executive summary of this section, along with an analysis of major expenditures.

The first section of the report outlines the City's major revenue streams and expenditures for budgeted funds and compares them to previous year information. The second section of the report outlines financial information on a budgetary basis for all City budgeted funds, including comparing year-to-date actuals with the adopted budget. The third section of the report outlines the status of outstanding capital projects for the current fiscal year and contains the actual quarterly report filed with The Topeka Metro News, the official City newspaper.

BASIS OF REPORTING

The purpose of this section is to describe the type of reporting that is utilized for this report, which is different than the Comprehensive Annual Financial Report (CAFR) that is completed using accepted accounting principles (GAAP). The CAFR is prepared at year end and is reviewed by an independent auditor. This report is based upon a cash basis of accounting, which is legally required by the State of Kansas as a minimum for reporting, in which revenues are not recognized until received and encumbrances are reported as a charge to the current budget. This report is prepared primarily for management of the City budget and oversight of revenues and expenditures in order to recognize positive and negative trends throughout the fiscal year.

Primary differences between the budgetary basis vs. GAAP are as follows, these are just some examples and are not meant to be exhaustive:

	Cash Budgetary Basis vs Modified Accrual										
Туре	Cash Budgetary Basis	Modified Accrual									
Revenues	Recognized when cash is received	Recognized as soon as they are both "measureable" and "available"									
Encumbrances	Treated as expenditures	Not treated as expenditures									

In 2015, the City changed how it presented this report from a modified accrual basis to a cash basis in order to be more transparent in reporting purposes for quarterly reporting. Annual reports are still presented on a modified accrual basis.

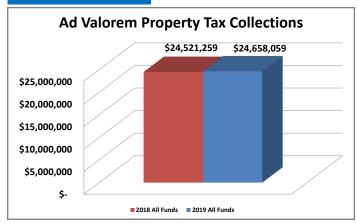

Executive Summary

MAJOR REVENUE HIGHLIGHTS

The purpose of this section is to describe the major revenues of the City and compare them to the previous and current year actuals then current year actuals to current budget. Revenues were up 1.33% to \$78,218,169 at the end of the first quarter of 2019, compared to year to date 2018 revenues of \$77,193,542.

PROPERTY TAX

The Ad Valorem Tax is one of the largest single revenue streams available to Kansas cities. These

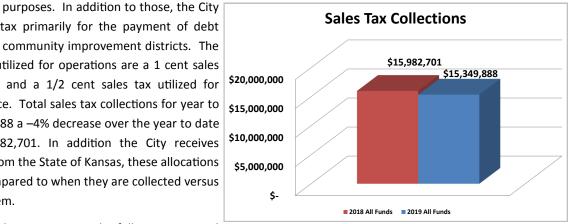

revenues are derived from taxes levied on real property, personal property and state assessed utilities. The Shawnee County Appraiser valuates real and personal properties, while the State of Kansas assigns values to state assessed utilities. Property taxes accounted for approximately 32% of the total revenues for the first quarter of 2019. The City maintains three taxing funds: the General, Debt Service, and Special Liability.

Property taxes collected in 2019 year to date were \$24,658,059 compared to \$24,521,259 in the same period in 2018, an increase of \$136,800 or 0.56%. The City receives approximately 98% of property tax collections by June with another 2% distributed the second half of the year.

SALES TAX

The City of Topeka receives three sales taxes, two for direct operations and one for county wide

receives dedicated sales tax primarily for the payment of debt service and pay as you go community improvement districts. The two sales taxes that are utilized for operations are a 1 cent sales tax for the general fund and a 1/2 cent sales tax utilized for existing street maintenance. Total sales tax collections for year to date 2019 were \$15,349,888 a -4% decrease over the year to date 2018 revenues of \$15,982,701. In addition the City receives monthly disbursements from the State of Kansas, these allocations have a two month lag compared to when they are collected versus when the City receives them.

Of the \$15.3 million that the City receives the following are used

for operational purposes: \$7.7 million is allocated to the general fund, \$3.8 million was received in the street fund and \$3.8 million was received in the countywide 1/2 cent sales tax fund, which is then utilized for street improvements, economic development and County road and bridge projects. Total sales tax collected represent 20% of the total revenues, making it the third largest revenue stream collected to date. Sales tax is collected on a monthly basis.

Currently the forecast incorporates an annual 1% increase in the sales tax receipts for years 2020-2024.

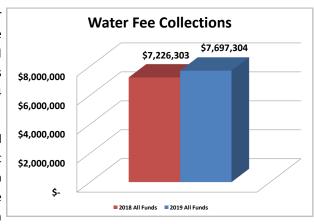

CAUTION **POSITIVE NEGATIVE**

Executive Summary

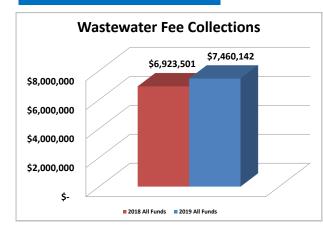

WATER FEES Customers in the City are charged a fee for water services, fees are reviewed on an annual basis to ensure adequate future financial planning and the capacity to maintain, preserve and enhance the infrastructure of the City water system. Water fee revenues are up 6.52% in 2019 with year to date collections of \$7,697,304 compared to 2018 collections of \$7,226,303.

KSA 12-825d requires any revenue derived from the sale and consumption of water to be disbursed only for the operation of the plant or distribution system. The water fund is currently challenged with an aging infrastructure that has a higher number of breaks per mile than the national average. The aging infrastructure is placing additional strain on

the system, which will cause higher maintenance costs and require additional improvements in the infrastructure. The City water system has typically bonded projects. However to replace additional mains, the City will likely need to consider cash funding projects and review utility rates.

Wastewater Fees

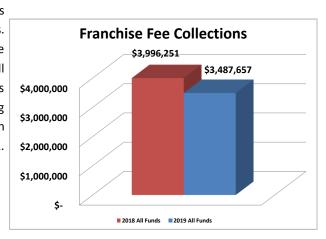

Customers in the City are charged a fee for wastewater disposal. Fees are reviewed on an annual basis to ensure adequate future financial planning and the capacity to maintain, preserve and enhance the infrastructure of the City wastewater system. Wastewater fee revenues are up 7.75% in 2019 with collections of \$7,460,142 compared to 2018 collections of \$6,923,501.

KSA 12-630a allows the governing body of any city to provide for a system of treatment and disposal of wastewater. All revenues derived from the wastewater system are deposited into the wastewater fund.

FRANCHISE FEES

Franchise fees are based upon agreements between the City and local utilities.

Generally, these agreements are long term and result in payments to the City of 5-6% of utility revenues in return for use of rights of way. All franchise fees are credited to the General Fund. Sources of franchise fees tend to be volatile as they are based on the weather, commodity pricing and utility rates. Franchise fee collections are down −12% in 2019 with collections of \$3,487,657 compared to 2018 collections of \$3,996,251. Westar franchise fees are 6% and all others remain at 5%.

POSITIVE CAUTION NEGATIVE

Executive Summary

SPECIAL HIGHWAY

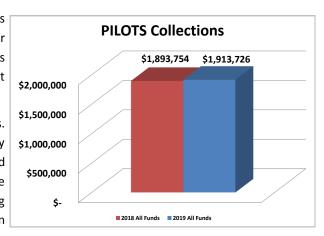

State motor fuel tax collections are based on wholesale gallons sold, instead of the value or price of

the gallons sold. The state distribution formula allocates 33.63% for cities and counties. The amount for cities is based on the ratio of city population to the total population of the state. Every County also receives a minimum of \$5,000. Of the balance remaining, 44.06% is apportioned based upon motor vehicle registration fees from the prior year, 44.06% based upon the average daily miles traveled in all counties, and 11.88% based upon the total road miles of counties in the state. Once received, Shawnee County takes 50% of the moneys received and gives it to the cities based on population. Special highway collections are down -0.35% year-to-date. In 2019 the City received \$1,314,094, compared to 2018 collections of \$1,318,703.

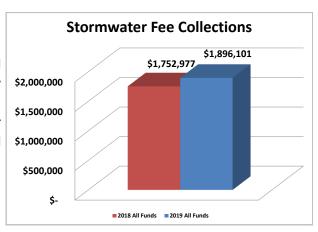

Payments in lieu of taxes are payments made to the City based upon either agreements with the City utilities, or agreements with outside agencies that the City may have given tax abatements to who have an agreement in place to pay a portion of taxes that would typically be due.

The City utilities pay PILOTS and the formula is based upon two areas. This includes 1) a 6% payment of total revenues generated for the ability to utilize City rights-of-way and 2) utilities are assessed as an utility would be by the County appraiser, their total valuation is taken times the assessed valuation rate of 33%, then multiplied by the mill levy resulting in the PILOT fee. Collections are up 2.45% with \$1,913,726 collected in 2019, compared to \$1,893,754 in 2018.

STORMWATER FEE

The stormwater fee was created by ordinance on January 1, 1997 to fund the stormwater utility. The fees collected by the utility are designated by ordinance to pay solely for the maintenance, repair, enhancement and administration of the stormwater system of the City. The stormwater system includes inlets, pipes, levees, creeks, rivers, publicly owned ditches, channels, and detention ponds. Collections are up 8.16% with \$1,896,101 collected in 2019, compared to \$1,752,977 in 2018.

POSITIVE CAUTION NEGATIVE

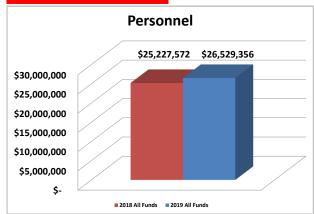

Executive Summary

MAJOR EXPENDITURE HIGHLIGHTS

The purpose of this section is to describe the major expenditure types that are divided up into 5 categories: personnel, contractual, commodities, other payments, and capital outlay. Expenditures are up 1.45% for year to date 2019 to \$55,616,481 compared to year to date 2018 expenditures of \$54,821,664.

PERSONNEL

Personnel costs consist of anything related to compensating employees, including employee benefit

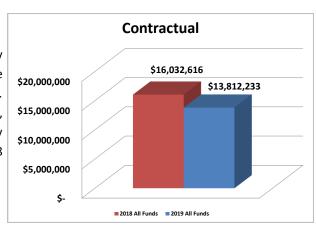

costs such as the City's contribution for retirement, social security and health insurance. Personnel costs for all funds constitute the highest percent of expenditures at 48% of the year to date 2019 expenses. Personnel costs increased 5.16% in 2019 to \$26,529,356 compared to 2018 totals of \$25,227,572.

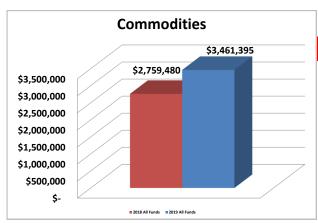

Increases in personnel costs are primarily driven by wage increases, commonly negotiated through contracts for the majority of City employees. Increases in benefits continually place a financial burden on the City as KPERS, KP&F and Health insurance benefits increase annually greater than the rate of inflation.

CONTRACTUAL Contractu

Contractual costs related to running the City on a daily basis include property insurance

premiums, utility costs, printing services, rent and maintenance services. Contractual services make up the second largest category of spending, consisting of 25% of total expenditures. Contractual services decreased by –13.85% in 2019 with expenses of \$13,812,233 compared to 2018 expenses of \$16,032,616.

commodity expenditures include materials for asphalt, rock, sand, salt, insecticide, fuel, chemicals and office supplies. Commodity expenditures are up 25.44%, with 2019 expenses of \$3,461,395 compared to 2018 of \$2,759,480. Increases in commodities costs are primarily driven by increased number of winter storm events in the first quarter of 2019.

Positive Caution Negative

Executive Summary

OTHER PAYMENTS

Other payments include items such as debt service payments and operating transfers. The majority of expenditures are due to transfer out and debt payments that are paid in the utilities, parking and debt service funds. Other expenditures increased 1.53% to \$10,763,008 in 2019 from \$10,600,460 in 2018, an increase of \$162,548.

Capital outlay expenditures include payments that are made for land, building improvements,

furniture, motor vehicles, zoo animals, computer software, tools and equipment. Capital outlay expenditures increased by 421% to \$1,050,489 in 2019 from \$201,535 in the same period in 2018. Increases in capital outay costs are primarily driven by an increased number of equipment and vehicle purchases in the first guarter of 2019.

The definitions below help to explain the types of funds that the City of Topeka utilizes:

Governmental Funds: used to account for activities primarily supported by taxes, grants and similar revenue sources

Proprietary Funds: used to account for activities that receive significant support from fees and charges

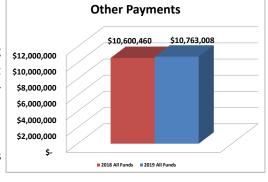

General Fund: used to account and report all financial resources not accounted for and reported in another fund

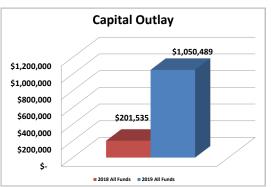

Debt Service Fund: used to account for and report all financial resources for expenditures related to principal and interest payment

Special Revenue Fund: used to account for the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects

Enterprise Fund: used to report any activity for which a fee is charged to external users for goods or services

Internal Service Fund: used to report any activity that provides for goods or services to other funds, departments or agencies

General Fund: 101

The General fund is the City of Topeka's primary operating fund the General Fund, accounting for 33% of budgeted revenues for and is comprised of a number of services such as City Council, 2019. Collections are generated from the 1 cent city sales tax Mayor, Police, Fire, Executive, Public Works and various other that is set aside specifically for the general fund. Sales Tax services. It receives the largest mill levy portion of the general collections for year to date 2019 are \$7,641,790 down -4.50% tax dollars go to support various services throughout the City.

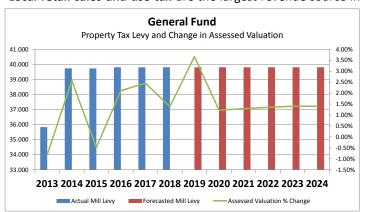

REVENUE HIGHLIGHTS

Total revenues in the General Fund for year to date 2019 were \$31,379,807. A comparison to revenues collected in 2018 shows a decrease from \$31,795,334 or -1.31%. The following outlines changes to the major categories of revenues collected by the General Fund.

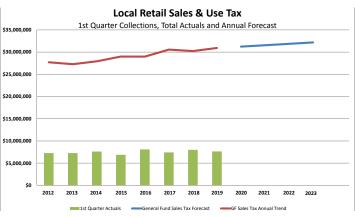

Property taxes are the second largest revenue source in the General Fund, accounting for 29% of budgeted revenues for 2019. At the end of the guarter \$15,257,461 was collected, or an increase of \$67,521 or 0.44%, from \$15,189,940 in the same period in 2018.

Local retail sales and use tax are the largest revenue source in

compared to collections for year to date 2018 of \$8,002,087.

The City receives monthly disbursements from the State of Kansas, these allocations have a two month lag compared to when they are collected versus when the City receives them.

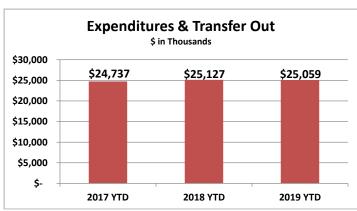

Franchise Fees represent approximately 15% of budgeted revenues for 2019 and are the general fund's third largest revenue source. First quarter 2019 collections were \$3,487,657, a -12.73% decrease over 2018 collections of \$3,996,251. Franchise fee revenues are based upon agreements between the City and the utility providers. Generally, the agreements provide long term access to City easements in exchange for a portion of gross revenues and other considerations.

General Fund: 101

Payments in Lieu of Taxes (PILOTS) represent approximately 8% of budgeted revenues for 2019. PILOTS are payments made by the City utilities, which include the Water, Wastewater, Stormwater and Parking funds, for 1) general taxes levied by the City and 2) a franchise fee based on gross revenues. The City charges utilities for general taxes that any utility in the City would pay to the County an a biannual basis for distribution. The franchise fee is a 5% fee of gross revenues for each of the City utilities. Collections for year to date 2019 are \$1,908,226 a 0.83% increase over year to date 2018 collections of \$1,892,504.

EXPENDITURE HIGHLIGHTS

Actual expenditures for 2019 were \$25,058,646 a decrease of year to date expenses of \$52,197. \$68,502 or -0.27%, over 2018 expenditures of \$25,127,148.

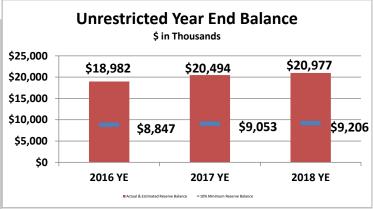

Personnel expenditures were up 3.51% in the first quarter of 2019 at \$19,603,100 compared to 2018 expenses of \$18,939,063. Personnel costs are the largest expense for the General Fund, making up 78% of the total budgeted 2019 expenses. Personnel expenditures consist of regular wages, overtime pay, Medicare, KPERS, KP&F, health insurance benefits and workers compensation.

Contractual expenditures were down -15.75% in the first quarter of 2019 at \$4,446,807 compared to 2018 expenses of \$5,278,357. Contractual expenses consist of 19% of the 2019 budget, making it the second largest category for the General Fund. Contractual expenditures consist of payments such as utilities, insurance, rent, printing and advertising.

Payments in Lieu of Taxes (PILOTS) represent approximately Commodities expenditures were down -13.11% in the first 8% of budgeted revenues for 2019. PILOTS are payments made quarter of 2019 at \$546,762 compared to 2018 expenses of by the City utilities, which include the Water, Wastewater, \$629,227. Commodities expenses consist of 3% of total Stormwater and Parking funds, for 1) general taxes levied by the budgeted expenditures for the 2019 budget, making it the third City and 2) a franchise fee based on gross revenues. The City largest category in the General Fund.

Other Payments were down –149% in the first quarter and primarily consist of clearing accounts for the City and payments for the franchise fee rebate program. Expenditures in 2019 were -\$112,659 compared to 2018 expenditures of \$228,304.

Capital Outlay expenditures were up in the first quarter of 2019. Expenditures for 2019 were \$574,637 compared to 2018 year to date expenses of \$52,197.

GENERAL FUND BALANCE

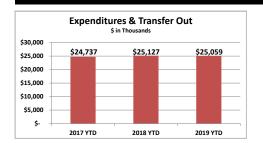

The General Fund balance increased by \$483,000 at 2018 year end over the 2017 balance. The general fund increased its unrestricted fund balance in 2018 to \$21.0 million from the 2017 unrestricted year end fund balance of \$20.5 million.

The blue line in the graph above represents the minimum reserve balance that is set in policy as 15% of total revenues, in 2015 the City reached a 20% fund balance goal.

Outstanding Projects - General Information

Project Information in the report is as of March 4, 2019

Current project information is updated daily and can be found on the City's Open Project Portal at:

https://projects.topeka.org/projects

The previous pages of this report list the capital projects for the City of Topeka that have open capital project accounts. Projects are grouped by funding source and then by category. Each project has the following information:

ACTIVITY DECRIPITION Start Date Budget Actual Exp Commitment Total Exp Funding Source Status

Activity – A six digit tracking number that is used to identify and manage a project

Activity numbers ending .00 represent a master project

Activity numbers that are numbered .01, .02 etc. represent a sub project that are managed separately but is still part of the master

Description – A text description of the type and/or location of the project

Start Date – The date the resolution for the project was approved by the Governing Body

Budget – The budget approved for the project in the City of Topeka Capital Improvement Plan

Actual Exp — Expenses incurred and paid for the project

Commitment – Expenses incurred but not yet paid for the project

Total Exp - A sum of actual expenses plus commitments for a project total cost

Funding Source – The projected source of funding for the project (see below for additional details)

Status – The current stage of the project as reported by the project manager

Outstanding Projects Funding Source Definition Additional Descriptions

GOB: General Obligation Bonds backed by the full, faith and credit of the municipality.

KDOT: Kansas Department of Transportation

WPC: Water Pollution Control is a division of Public Works that includes stormwater and wastewater.

Fed: Federal Government

KDHE: Kansas Department of Health and Environment

SW: Stormwater division of Public Works.

Sales Tax: 1/2 Cent Sales Tax levied street improvements for existing streets.

Special Assessments: Special Assessments levied on properties in conjunction with developer approved infrastructure projects.

JEDO: Joint economic development organization comprised of City/County representatives and funded through a 1/2 cent countywide sales tax.

TGT: Transient Guest Tax is a tax levied on hotels throughout the City.

Developer: Projects are coordinated through the City for developments, however the costs are borne by the developer.

March 31, 2019
