2018 Retail Fireworks Stand Inspection Procedures

City of Topeka Ordinance permits the sale of consumer fireworks beginning June 27th through July 5th; this year June 27th falls on a Wednesday. In order to provide the best customer service available and to allow for the early site inspections, the Topeka Fire Department will implement the below inspection procedures.

EARLY INSPECTIONS

The Topeka Fire Prevention Division will conduct early inspections, of retail stands, June 25th and June 26th, 2018; no weekend inspections will be scheduled.

- Retail stands must be entirely compliant and ready for inspection at the time of the scheduled appointment. Non-compliant stands will not be re-inspected until June 27, 2018.
- Until the Inspection has been completed and a permit issued by the City of Topeka Fire Department, the stand is prohibited from selling fireworks,

Contact Inspector Tom Rodman at 785-368-4143 to schedule an early inspection.

JUNE 27TH INSPECTIONS

The Topeka Fire Prevention Division will conduct retail fireworks stand inspections 8:30 am until 3:30 pm, appointments will not be taken. Inspectors will arrive unannounced.

Retail stands need to be compliant and ready for inspection, prior to 8:30 am. Stands found not to be compliant on the initial inspection, will not be re-inspected until June 28th, 2018.

Until an inspection has been completed and a permit issued by the City of Topeka Fire Department, stands are prohibited from selling fireworks.
