*Insurance you actually want to hear about.*

If your clients are overwhelmed with difficult decisions while preparing for retirement, show them at least one easy choice — Asset-Care®.

Asset-Care isn't traditional long-term care insurance. Asset-Care is life insurance that helps protect your clients' assets in retirement and gives them a guaranteed return. Sounds good, right?

You'll like this, too: Asset-Care can be funded with almost any type of asset or by making payments over time. It can also cover two people with one policy and provides a potentially unlimited pool of money for LTC. We think that's a pretty good deal for both you and your clients.
