WELCOME TO BIG BEAR LAKE, CALIFORNIA

Big Bear Lake is thrilled to welcome you to the 2019 USA Cycling Collegiate Mountain Bike National Championships! We are excited to host this year’s event and the officials have designed spectacular courses to challenge you at every turn, from downhill, cross-country, short-track and dual slalom.

As for hosting events, Big Bear is no stranger to putting on a great time! Our mountains boast the toughest Spartan race courses from around the world, our Tour de Big Bear’s 109-mile route is no easy feat to tackle, we just wrapped our debut of the Fox US Open of Mountain Biking, and we have the best Oktoberfest this side of Munich!

We’re also in the middle of the Falltacular Season in Big Bear! Live it up with crisp mountain air and cooler temperatures. Our beautiful alpine lake is jumping with trout, there are off-roading, hiking and mountain biking trails waiting to be explored and the Fall colors are creating a gorgeous backdrop for the photographer in you. Family adventures abound with zipline action, alpine slides and even panning for gold! See wonderful wildlife at our rescue zoo or explore nature at the Discovery Center. There is never a better time to visit Southern California’s best four-season mountain lake escape.

As you plan your week up, our team at Visit Big Bear is here to help you create an unforgettable trip. You can pick up our official visitor guide around town or talk with our amazing guides at our Visitors Center located at 40824 Big Bear Boulevard in the heart of The Village. Or check out our website at www.bigbear.com, call (800) 424-4232, or follow us on Facebook or Instagram at visitbigbear.

We are so happy to share our mountain home with you. Good luck on the course and have fun!

### EVENT STAFF

**USA CYCLING**
- Tara McCarthy: Director of National Events
- Joe Olearnick: National Events Manager
- Brandon Price: Event Services Manager (Registration)
- Justin Evans: Race Operations Manager

**ADDITIONAL EVENT STAFF**
- Tom Spiegel: Operations and Timing Director, Team Big Bear
- Gavin Burke: Operations, Endurance
- Jeff Throop: Operations, Gravity
- Mike Sapione: Shimano (Neutral Support)
- Jason Ranoa: Announcer
- Larry Ramona: Stage Manager
- Rob Blanchette: Stage Manager
- Dejan Smaic: Photographer

**OFFICIALS**
- Ugur Tosun: Chief Referee
- Tobin Behling: Assistant Chief Referee
- Judy Rhyne: Chief Judge
- Leslie Ramsay: Secretary
- Katsu Tanda: Referee
- Ramon Gonzalez: Referee
- Amy Thaller: Referee
- Scott Sturges: Apprentice
BIG BEAR LAKE AREA INFO

SNOW SUMMIT WEATHER
Average high/low temperatures for early October: 64° and 32°
Sunrise/Sunset for early October: 6:49 a.m./6:19 p.m..

DRIVING DIRECTIONS
Directions to Snow Summit from Los Angeles:
The shortest and quickest way for visitors coming from Los Angeles, Orange County, and other points west is Hwy 330 / Hwy 18. Please note that this route can become very congested on the weekends during peak season.

No Day-of Registration is Allowed*

To register, each collegiate rider must be marked as qualified by his or her conference director, indicating that the rider has participated in his or her conference season and earned one of the conference’s start spots. If you are unable to register, please contact your conference director.

Pre-registration will be available at www.bikereg.com. Log into your online account and from your “My USA Cycling” page follow the link to register for the 2019 USA Cycling Collegiate Mountain Bike National Championships.

Registration will be at Snow Summit each day as listed on the schedule.

Under no circumstances will riders be allowed to register for a race on the day of the event; however a rider may pick up his or her packet and number. Start sheets will have already been finalized. There is no registration on Sunday, packet pick-up only.

You may not pick up other riders’ packet for them. All riders must pick up their own packet in person. You must present your valid USA Cycling license/government issued picture ID at pick-up. Minors must have their parent or LEGAL guardian (not coach) sign their waivers.

All coaches interested in riding on the courses with their athletes will be required to sign a waiver and pick up a “coach” plate at registration. Plates must be displayed on bikes at all times while riding any of the trails. A coach three day lift ticket is $35.00. Please note only one downhill coach will be allowed per team.

Important Note: What’s the difference between packet pick-up and registration? During registration you sign up to compete in a race and pay the entry fee. During packet pick-up you sign your waivers and receive your bib number.
CROSS COUNTRY EVENT & COURSE

Pre-riding the XC course outside of practice times will result in disqualification per rule 8A5B.

Staging will begin 15 minutes prior to each race start (see call-up information in additional race details).

A combination feed and technical assistance zone will be located at the base area, within walking distance of the start/finish line. Teams are limited to two support personnel in the feed/technical assistance zone. There will be medical personnel located throughout the course.

The number of laps will be determined on Thursday before the race and will depend on weather and trail conditions, with target finish times of 1.5–2 hours for the winner. This will be communicated in the rider meeting, in the communiqué, and online.

All riders, including those who have been lapped, will finish on the same lap as the race winner. At the discretion of the chief referee, riders out of contention may be pulled yet will be placed in the results.

The course will run in a clockwise direction. Laps will run through the start/finish line. See map below for details.

All coaches interested in riding on the courses with their athletes will be required to sign a waiver and pick up a coach plate at registration. Plates must be displayed on bikes at all times.
CROSS COUNTRY MAP

Detailed map: ridewithgps.com/routes/31218276
SHORT TRACK CROSS COUNTRY EVENT

Staging will begin 15 minutes prior to each race start (see call-up information in additional race details).

The course will travel in a clockwise direction. The course will be open to preview as scheduled and also between STXC races, once the course is announced to be clear by the officials.

Race duration is 20 minutes + 3 laps.

All coaches interested in riding on the courses with their athletes will be required to sign a waiver and pick up a coach plate at registration. Plates must be displayed on bikes at all times.

At the discretion of the chief referee, riders who are 80% behind the leader on any given lap may be pulled. Pulled riders will be placed in reverse order that they were removed from the race.

All riders, including those who have been lapped, will finish on the same lap as the race winner.
CROSS COUNTRY MAP SHORT TRACK

Detailed map: ridewithgps.com/routes/31224105
DOWNHILL EVENT & COURSE

The start line of the downhill course start is at the top of Lift 1.

Downhill competitor lift access will be granted by a lift ticket they need to pickup at the lift ticket office. Only one support staff per team will be allowed at the top.

All coaches interested in riding on the courses with their athletes are required to sign a waiver and pick up a coach plate at registration as well as purchase a lift ticket. Plates must be displayed on bikes at all times.

All riders are required to take a minimum of two downhill practice runs prior to downhill seeding. Two practice runs are required, but more than two practice runs are strongly encouraged. Any rider not taking the minimum of two practice runs will not be allowed to race. The walking inspections on Friday are strongly recommended. Practice run completion will be tracked by officials at the downhill start line and will be checked prior to the start of the downhill seeding runs. It is each rider’s responsibility to ensure the officials have marked down his or her two required runs.

Seeding: Downhill seeding will be a one-run format with 30 seconds between riders. Start lists will be posted as soon as possible, after registration closes on Thursday, but no later than one hour before the start of the seeding runs.

Missed starts: Athletes will not receive a new start time for a missed start. Riders who have missed their allotted start time may be allowed to start at the end of their respective category, at the sole discretion of the start comm.; however, their race clock will have started at their allotted start time.

Reruns: Only in exceptional circumstances such as a course hold may reruns be granted, solely at the discretion of the chief referee or his deputy. No reruns will be granted because of mechanical issues, a slower rider on the course, or similar.

Finals: Downhill finals will be a one-run format with 30 seconds between riders, except for 1-minute intervals for the 10 fastest seeded riders in each division. Start lists will be posted as soon as possible after downhill seeding, and no later than one hour before the first finals start.

All rules for missed starts and reruns are applicable as stated above.
DOWNHILL MAP

Detailed map: ridewithgps.com/routes/31218199
DUAL SLALOM EVENT

Athletes, team managers, and coaches must inspect the dual slalom course at the earliest opportunity to identify any issues with the course or placements of flags. Complaints or requests for course modifications will not be taken on race day.

The dual slalom course is located near the base of the resort by lift.

Riders will walk their bikes to the top of the dual slalom course to start. There will be no transportation.

Riders will complete a qualifying run in each lane on an open, first-come basis. They will be seeded based on the combined time from both runs. Please note that the penalty during qualifying runs for missing gates, false starts, etc. is disqualification (see USAC Rule 8G4). The number of riders qualifying for finals will be determined as soon as possible after the close of registration on Thursday.

In bracket competition, riders will race once in each lane and will advance based on the differential timing.

In the event of a tie on time after two runs, the winner of the second run will advance.
TEAM RELAY EVENT & COURSE

Each team will have up to four riders with at least one woman and one man, and no more than two men or two women. Potential team compositions are: WM; WMM; WWM; WWMM

One representative of each team starts the race, and at the end of each lap, there is an exchange to another rider. The race will be 4 laps long and will be run clockwise. Riders may not do consecutive laps, so exchanges are mandatory each lap, even if a team has fewer than four riders.

At least two laps must be completed by women.

The exchange area is at the S/F, with the course divided into two lanes. Riders finishing their lap will funnel into one lane, and from the other lane, riders waiting to start their lap will start moving once their teammate has crossed the initial exchange line. Riders starting their lap may not cross the S/F line before the teammate finishing his or her lap has broken the plane of the finish line, or a time penalty will be imposed.

No physical batons will be used for this relay.

The event counts toward the team omnium only.

Course start, rider exchange, and finish will be in the same location.
TEAM RELAY MAP

Detailed map: ridewithgps.com/routes/31224142
ANTI-DOPING

UNITED STATES ANTI-DOPING AGENCY
The United States Anti-Doping Agency is the independent anti-doping agency for the Olympic Movement in the United States. USADA is dedicated to eliminating doping in sport, preserving the well-being of sport, and ensuring the health of athletes through drug testing, research initiatives, and educational programs.

SELECTION OF RIDERS FOR DOPING CONTROL
By registering to compete at this event you have consented to be subject to drug testing and adhere to the penalties associated with an anti-doping rules violation. Noncompliance or refusing to be tested will result in the same penalties as a doping violation.
For more detailed information concerning USADA protocol and banned substances, please visit the USA-DA website at www.usantidoping.org.

All athletes should check the results board once they complete their race. Athletes should also check the results board after the final omnium standings have been posted. If athletes are selected for testing, numbers of selected riders will be posted next to the results.

EVENT INFORMATION

OFFICIAL EVENT WEBSITE
www.usacycling.org/events/national-championships/2019-collegiate-mtb

CALL-UPS
Call-ups for short track cross country and cross country will be performed according to USAC Rule 713 and will be posted with start lists the night before the event. See the rules and eligibility section.

MEDICAL
Snow Summit Patrol, 909.866.2447, will be providing medical support for races as well as other medical personnel. The closest medical facilities are Bear Valley Community Hospital 41870 Garstin Dr Big Bear Lake Ca 92315 at (909) 866-6501.

NEUTRAL SUPPORT
Shimano will be providing neutral technical support throughout the event and will be located in team parking.
RESULTS
Results will be posted near registration at the Village awards area. The protest period is 15 minutes after posting, after which time they become FINAL. Final results will be posted to the USA Cycling website.

RADIOS
While on the courses, riders may not use radios, telephones, or other communication devices. No earpieces may be worn. Audio playback devices are forbidden.

NUMBER PLATES
Riders must wear number plates at all times on all courses for practice and race sessions. All coaches riding on the courses will be required to sign a waiver and pick up a “Coach” plate at registration. Plates must be displayed on bikes at all times. Downhill competitor course lift access by showing lift ticket they receive at packet pick-up. Additional lift tickets may be purchased at the Adventure Center. Trimming or otherwise altering number plates will result in a penalty, per rule 1J7(b).

EQUIPMENT
All riders are required to wear a helmet when on a bike, per rule 1J1. Riders competing in the downhill and dual slalom races are required to wear full-face helmets, per rule 1J2.

RIDER MEETING
Riders and coaches are highly encouraged to attend the rider meeting as this meeting will serve to communicate late-breaking information relevant to the event.
BikeFlights.com's bicycle shipping service makes travelling with a bicycle convenient, reliable and affordable for cyclists of all types. Join the thousands of cyclists who have used BikeFlights.com to make their bike travel easier and cheaper since 2009. USA Cycling Members save $10 on their first shipment each year by booking through their USA Cycling Member Benefits Portal.

USA Cycling members receive a 20% discount on Premium Personal Edition memberships. Coaches also qualify for discounted rates on TrainingPeaks Professional Edition and a portion of your sale helps support USA Cycling programs.

To receive your discount, enter promo code: 20USAC19 at checkout.

USA Cycling members save 40% on purchases of any item on kttape.com. KT TAPE is an elastic sports and fitness tape designed for muscle, ligament and tendon pain relief and support. KT TAPE is lightweight, comfortable to wear, and can be used for hundreds of common injuries. Use the Promotion Code TEAMUSAC at kttape.com to find a product that will help you train longer and finish stronger. Purchases are also eligible for FREE Shipping.

Athletes equipped with Solos Smart Glasses can begin to tap into their full training potential by utilizing Solos's innovative technology and aerodynamic smart glass design. As a special offer to USA Cycling members, SOLOS Smart Glasses is proud to offer a $100 off discount to USAC members when using the promo code USA+SOLOS at checkout.

USA Cycling members can fuel with nutrition from Science in Sport with 20% off purchases from scienceinsport.com. SiS are pioneers of innovative sports nutrition and in 2016 fuelled over 30 Olympic medals.

Use promotion code USACMEMBER19 for 20% off.

AMP Human Performance PR Lotion is clinically proven to neutralize acid in your muscles with bicarb. PR Lotion’s proprietary delivery system gets acid-buffering sodium bicarbonate directly into the muscles to improve performance and reduce recovery time. USA Cycling members receive a 10% discount by using the code USACmember.
Individuals attempting to pre-view the course prior to the event or any scheduled practice day may encounter hazards including incomplete course construction or obstructions. The course may also cross private property.

Athletes may not preview courses outside of scheduled pre-ride times. No preview access to any of the courses during these times is allowed without athletes having completed registration, including signing the event waiver and receiving their number. Number plates must be displayed while on course. Any riding of the course outside official times is done so entirely at their own risk and may result in disqualification."

UPDATED 9/30/19

**ELIGIBILITY & GENERAL RULES**

Below is a brief summary of the eligibility and general rules for USA Cycling Collegiate Mountain Bike National Championships. Full rules can be found in Chapter 7, Section 19 of the USA Cycling Rule Book.

To compete, all riders/teams must bring this form with them to packet pick-up: **USA Cycling Collegiate National Championship eligibility verification form.**

**LICENSING**

Riders must currently hold an annual USA Cycling collegiate license. Rider’s will need to be listed as a cat A in their discipline of choice (Endurance, DH, DS) before they will be eligible to register.

**QUALIFICATIONS**

To register for the event, each rider’s **conference director** must first check off that the rider has met both the minimum race requirements (#3-5 below), and qualified for one of the conference’s allocated start spots (#6 below).

To compete in the endurance races, riders need to have competed as a category A rider in three (5 for varsity) conference mass start endurance races that season.

To compete in the dual slalom race, riders must have competed as a category A rider in three (5 for varsity) conference gravity races (4X, DS, or DH – Super D does not count) that season.

To compete in the downhill race, riders must have competed as a category A rider in three (5 for varsity) conference gravity races that season, and at least two of those races must have been downhill races.

To compete in the team relay, riders must have competed in at least one conference individual mass-start race that season. Riders can be of any category.

Each conference is allocated a finite number of start spots in the endurance races, you can find the allocations here. To earn one of these spots, in addition to the minimum requirements (#3-5 above), riders must rank highly enough in the conference either as a team or individual. Each conference determines differently how many of these spots go to teams and how many go to individuals, so ask your conference director or team leader for details. If you don’t think you will earn enough points either as a team or individual to qualify, there may be extra start spots available from other conferences, so ask your conference director.
Teams may enter a total of 12 men and 12 women at the national championship.

Teams may enter up to 6 riders in each race except for the cross country event which can have up to 8 riders and the team relay which is limited to 4 riders.

To place in the individual omnium, riders must score points in at least one endurance event and at least one gravity event.

**CALL UPS & DOWNHILL START POLICY**

Call-ups: Call-ups will be performed according to rule 7I3, and will be posted with start lists the night before the event. **Please note that if a team has a rider in the front row as a conference champion, that team is left out of the first wave of call-ups, so that every team has one rider on the line before a second is called from any team.** Any protests to or questions about call-ups can be directed to Justin Evans, USA Cycling Racing Operations Manager, at 719-434-4263 or jevans@usacycling.org.

Downhill riders must have two practice runs prior to the start of their seeding run. In order to advance to finals riders must start their seeding run. Finals will be run based on slowest to fastest seeding.

Racers who miss their assigned start time through no fault of the officials or organizers will not be allowed to start their run until the last rider of either their own category, depending on available time gaps between categories, this is at the discretion of race management and officials. The rider’s race clock will have been started at his or her assigned start time and will not be adjusted, and no new start time will be assigned.

**TEAM RELAY GUIDELINES**

Each team will have up to four riders with at least one woman and one man, and no more than two men or two women. Potential team compositions would be: WM; WMM; WWM; WWMM

One representative of each team starts the race and at the end of each lap, there is an exchange to another rider. The race will be 4 laps long and riders may not do consecutive laps, so exchanges are mandatory each lap, even if a team has fewer than four riders.

Two laps must be completed by women.

The exchange area is just before the S/F, with the course divided into two lanes. Riders finishing their lap will funnel into one lane, and from the other lane, riders waiting to start their lap will start moving once their teammate has crossed the finish line in the other lane.

The event counts toward the team omnium only.

At each race, all riders for a team must wear similar team jerseys with the school’s name displayed. Shorts must be of their team or blank. For podium presentations, riders must wear team or school clothing or jerseys. Penalties can vary from a fine to a disqualification.

Questions on the eligibility and qualification process for USA Cycling Collegiate Mountain Bike National Championships should be directed to Justin Evans, USA Cycling Racing Operations Manager, at 719-434-4263 or jevans@usacycling.org.
