

Why be involved in Sunday School?

- You get the opportunity to study the Bible with people of the same age in a more intimate setting.
- God has spiritually gifted teachers within this body to teach you.
- We have commands from God to edify and encourage one another until Christ returns, and Sunday School enables you to encourage one another.

Current Class Schedule

- Nursery class teaching babies and toddlers basics about God
- Preschool classes for ages 2-Pre-K pointing children to the Gospel
- Classes for children which orient children's hearts to worshipping God
- Our students meet to draw specific application for what God's Word directs them to do in these days
- For Adults a class will meet in the library studying the Sermon on the Mount. We'll also have a class studying church history in the basement.
