WORKOUT 21.1
For time:
1 wall walk
10 double-unders
3 wall walks
30 double-unders
6 wall walks
60 double-unders
9 wall walks
90 double-unders
15 wall walks
150 double-unders
21 wall walks
210 double-unders

Time cap: 15 min.

WORKOUT VARIATIONS
Rx'd (all ages)
♀ and ♂ perform wall walks and double-unders
Scaled (all ages)
♀ and ♂ perform scaled wall walks and single-unders

NOTES
Prior to starting the workout, the athlete will need to mark two lines on the floor for the wall walks (see Movement Standards section).

This workout begins with the athlete standing behind the furthest line from the wall and facing the wall. After the call of “3, 2, 1... go,” the athlete may step over the line, turn around and perform 1 wall walk followed by 10 double-unders. Once the double-unders are complete, the athlete will move back to the wall walks to repeat the sequence. The number of wall walks and double-unders will increase each round. This workout ends when the athlete completes the final rep of the double-unders.

The athlete’s score will be the total time it takes to complete the workout or the total number of repetitions completed before the 15-minute time cap.

TIEBREAK
Record the time at the end of each set of double-unders.
If the athlete completes the workout before the time cap, there will be no tiebreaker.

If the athlete does not complete the workout before the time cap, when they log their score they will enter the total number of reps they completed as well as the time at which they completed their last full set of double-unders. In the case of a tie (i.e., athletes complete the same number of reps), the athlete with the lower tiebreak time will be ranked higher.

Do NOT use a countdown timer.

EQUIPMENT
• Tape to mark the floor for the wall walks
• Jump rope

For each workout, be sure the athlete has adequate space to safely complete all the movements. Clear the area of all extra equipment, people, or other obstructions.

Any athlete who in any way alters the equipment or movements described in this document or shown in the workout standards video may be disqualified from the competition.
MOVEMENT STANDARDS
WALL WALK

• With the athlete lying down, chest and thighs touching the ground, legs fully extended, and feet together and touching the wall, mark a tape line at the top of the athlete's shoulder.
• The edge of the tape that is closest to the wall must be in line with the shoulder.
• This first line will be the start and finish line for each repetition.
• Tape a second line that leaves 10 inches of space between the tape's far edge and the wall.

• Every rep begins and ends with the athlete lying down, with their chest, feet, and thighs touching the ground.
• At the start and finish of each rep, both hands must touch the first tape line (fingers touching is OK).
• Both feet must be touching the ground at the beginning and end of each rep.

• Both hands must remain on the tape until both feet are on the wall and no longer touching the ground.
MOVEMENT STANDARDS

WALL WALK (CONTINUED)

• At the top of the movement, both hands must be touching the 10-inch tape mark before the athlete can descend.
• Any part of the hand may touch the tape line.

• On the descent, the feet must remain on the wall until both hands are touching the first line.

• The rep is credited when the athlete returns to the starting position, with both hands touching the first line and their chest, thighs, and feet touching the ground.
• Any part of the hand may make contact with the tape line.
• Both feet must be touching the ground before starting the next rep.
MOVEMENT STANDARDS

DOUBLE-UNDER

- The rope passes under the feet twice for each jump.
- The rope must spin forward for the rep to count.
- Only successful jumps are counted, not attempts.

WALL WALK (SCALED ONLY)

- With the athlete lying down, chest and thighs touching the ground, legs fully extended, and feet together and touching the wall, mark a single tape line at the top of the athlete's shoulder.
- The edge of the tape that is CLOSEST to the wall must be in line with the shoulder.
- The line must be 2 inches wide.
MOVEMENT STANDARDS
WALL WALK (SCALED ONLY, CONTINUED)

- Every rep begins and ends with the athlete lying down, with their chest, feet, and thighs touching the ground.
- At the start and finish of each rep, both hands must be in front of the tape line.
- No part of the hand may be touching the line.
- Both feet must be touching the ground at the beginning and end of each rep.

- The athlete will walk up the wall until both hands are on the other side of the 2-inch tape line.
- The fingers may NOT be touching the tape line.

- Both hands must remain in front of the tape until both feet are on the wall and no longer touching the ground.

- On the descent, the feet must remain on the wall until both hands are in front of the tape line.
- No part of the hand may be touching the line.
MOVEMENT STANDARDS
WALL WALK (SCALED ONLY, CONTINUED)

• The rep is credited when the athlete returns to the starting position, with their hands in front of the tape line and their chest, thighs, and feet touching the ground.
• Both feet must be touching the ground before starting the next rep.

SINGLE-UNDER (SCALED ONLY)

• For scaled divisions, the rope passes under the feet once for each jump.
• The rope must spin forward for the rep to count.
• Only successful jumps are counted, not attempts.
