

Cross-Platform Development for EdTech Startup

PROJECT DETAILS

 Web Development

 Sep. 2021 - Mar. 2022

 \$10,000 to \$49,999

 *"They went out of their way to match our deadlines."*

PROJECT SUMMARY

Appycodes developed a website, CMS, and mobile application for an EdTech startup. They worked on the platforms within a 3–4 month timeframe.

PROJECT FEEDBACK

The newly designed website met all standards and was rated 4.7 stars on the Play Store. Within two months of launch, it facilitated over 100,000 transactions, proving Appycodes' successful project execution. Their ability to quickly understand the requirements were impressive.

The Client

Please describe your company and your position there.

I am the Co-founder & CEO of Allrounder Cup

The Challenge

For what projects/services did your company hire Appycodes, and what were your goals?

We hired Appycodes for developing our website, content management system and app (React for Android & iOS) within a 3-4 month timeframe, from PRD to Launch on the stores.

CLIENT RATING

5.0

Overall Score

Quality: 5.0

Schedule: 5.0

Cost: 5.0

Would Refer: 5.0

The Approach

How did you select this vendor and what were the deciding factors?

Referral from a friend in UK whose company worked with Appycodes

Describe the scope of work in detail, including the project steps, key deliverables, and technologies used.

Website, content management system and app (React for Android & iOS) within a 3-4 month timeframe, from PRD to Launch on the stores.

How many resources from the vendor's team worked with you, and what were their positions?

1 Founder & 4 Engineers across frontend and backend

The Outcome

Can you share any measurable outcomes of the project or general feedback about the deliverables?

Amazing looking website and app. Rated 4.7 on the Play Store and facilitated over 100k transactions within 2 months of launch

Describe their project management style, including communication tools and timeliness.

This is definitely their super power. They clearly understand your requirement in depth and proactively follow up for any questions. They went out of their way to match our deadlines.

What did you find most impressive or unique about this company?

The founder - Ritesh.

Are there any areas for improvement or something they could have done differently?

Helping with Design (UI-UX) to make it a total package
