

TECUNIQUE - Transforming Collaboration through Expertise and Innovation

 Elevate Your Collaborative Potential with TECUNIQUE 

Welcome to TECUNIQUE, where innovation meets expertise to redefine collaborative success within the Atlassian ecosystem. As a key collaborator with Appfire, a trailblazer in enterprise collaboration software since 2005, TECUNIQUE has been an instrumental force in shaping the narrative of cutting-edge solutions.

Building Success Together:

Since our partnership initiation in 2020, Appfire and TECUNIQUE have cultivated a thriving business alliance. Our dedicated team at TECUNIQUE consistently excels in delivering exceptional services, contributing significantly to the shared success story we've co-authored with Appfire.

Architectural Excellence and Development Prowess:

At TECUNIQUE, our specialized expertise in architectural design, development, and quality assurance is the cornerstone of our collaborative achievements. This proficiency has been integral to the success of Appfire's key products, elevating them to new heights in the ever-evolving landscape of enterprise collaboration.

Strategic Talent Acquisition:

Behind every successful project is a team of highly skilled individuals. Our HR team at TECUNIQUE has meticulously fine-tuned a process for sourcing and recruiting software engineers with precision. This ensures a seamless fit within our collaborative efforts, guaranteeing the delivery of intricate solutions that meet the unique demands of our clients.

Flagship Success: JMWE on Atlassian Marketplace:

As a testament to our collaborative prowess, JMWE proudly stands as one of the most sought-after workflow automation tools on the Atlassian Marketplace. This flagship product under the Appfire umbrella, crafted through the collaborative efforts of TECUNIQUE and Appfire, continues to dominate as a top-seller. It reflects the enduring impact of our unwavering commitment to innovation and excellence.

Beyond Boundaries: Collaboration Beyond JMWE - JMCF:

TECUNIQUE's collaboration with Appfire extends beyond the celebrated success of JMWE. Since 2020, we've played a pivotal role in providing highly skilled software engineers who seamlessly integrate with Appfire's experts. Together, we navigate the intricate realm of real-time custom field calculations within Jira, with JMCF emerging as a top-rated plugin app. TECUNIQUE's software engineers contribute not only to the enhancement of screens, project estimation, and improved decision-making but also to the meticulous development and quality assurance of JMCF.

 **Dynamic Collaboration, Innovative Solutions:**

Our collaborative approach with Appfire underscores a dynamic partnership, where expertise converges to deliver innovative solutions at the forefront of the Atlassian ecosystem. At TECUNIQUE, we pride ourselves on transforming collaborative potential into tangible success stories, one groundbreaking solution at a time.

 **Join Us on the Journey:**

Embark on a journey of innovation and collaborative success with TECUNIQUE. Together, let's redefine what's possible within the Atlassian ecosystem. Your success is our commitment, and your vision fuels our innovation. Choose TECUNIQUE - where expertise meets innovation for unparalleled collaboration!
