

Doctify

Oct 2018 — Ongoing

PROJECT SIZE \$50,000 to \$199,999

Healthcare Review Platform Development: Doctify

Doctify - a digital platform that allows users to rate healthcare providers, leave verified reviews, and book appointments.

Challenges:

- Ensure access to reliable and transparent information about healthcare providers.
- Add verified reviews functionality and improve adherence to legislative requirements.
- Open market access in London(UK), Germany, Austria, Australia, Dubai, and Ireland.

Solutions:

- Developed a mobile app.
- Integrated 3rd party tools, new widgets, and a public API.
- Added two-step authentication.
- Integrated accessibility features.

- Implemented a multi-tenant structure for new markets.
-
