Free Document Maker is a freeware AI-powered document automation platform, designed to assist users with generating, converting, and editing documents effortlessly. Launched in March 2025 by Saddam Hosen (SH Saad), this software offers over 30 free tools available through a browser, a Chrome extension, and an Android app.

With tools like invoice generators, resume builders, PDF compressors, image converters, and more, Free Document Maker ensures ease of use and accessibility without the need for any registration or hidden fees. The platform is completely free to use, providing users with 100% free services without any watermarks or sign-up requirements.

Whether you're a freelancer, business owner, or student, Free Document Maker makes creating professional documents a breeze.

Free Document Maker is an AI-powered [software company](#) and web application developed in Bangladesh by [Saddam Hosen](#), also known as SH Saad. Launched in March 2025, the platform enables users to create, convert, and download professional documents, images, and PDFs — without sign-in or software installation.

Overview [\[edit\]](#)

Free Document Maker runs entirely in the browser and supports all devices including Android and Chrome. It offers 30+ free tools to create:

- Invoices
- Resumes
- Quotes and Receipts
- Certificates and Agreements
- PDFs and Image conversions

Key Features [\[edit\]](#)

- AI-powered document templates
- PDF & image tools – compress, unlock, resize, convert
- Works on all platforms: Web, Chrome, Android
- No watermark or login required
- Instant PDF, PNG, WebP downloads
- Dark mode, fast load (LCP-optimized), mobile-ready

Free Document Maker is built using:

- Laravel 12 (Backend)
- Tailwind CSS + Alpine.js (Frontend)
- Vite bundler (Performance-optimized)

It supports WebP, semantic HTML, WCAG accessibility, and modern SEO (Open Graph, Schema.org, JSON-LD).
