

TIRED OF PAPER INVOICING? YOUR CUSTOMERS ARE TOO!

INVOICED

Reduce costs by **\$4 - \$8** per invoice
Get paid **5 - 10** days faster

Compared with paper invoicing. Cost savings are inclusive of labor, materials, and postage. Paper invoicing costs range from **\$6 - \$10** per invoice. Invoiced only costs **\$2 - \$3** per invoice, with cost of labor included.

What is Invoiced?

Invoiced is a simple **Electronic Invoice Presentment and Payment (EIPP)** solution that helps businesses accelerate the invoice-to-cash cycle. Thousands of fast-growing businesses use Invoiced to put accounts receivable on autopilot.

Today's customers demand high quality digital experiences. Electronic invoicing delivers a superior experience over paper invoicing that your customers will appreciate.

Fight complexity

90% of CFOs and controllers want to adopt paperless invoicing, but legacy e-invoicing systems are too complex and time-consuming to implement. Our cloud-based solution requires minimal setup to start speeding up your collection efforts!
