

Al-Rahim Textile Industries, the manufacturer and exporter of high quality home textiles including towels, bedding and kitchen linens was established in the midst of 1991. Quality, customer satisfaction along with best compliance, health, safety and environmental practices has lead it to the road of success. Its workforce has been increasing and thus demands for well structured attendance management, therefore they have recently deployed eAttendance and eLeave system from TimeTrax - the most widely accepted, Intuitive HCM software from EfroTech.

OUTCOMES

Streamlined and Centralized system for multiple locations

Employee wise attendance & leave Trends

Provides flexible, tabular and graphical reporting

Cost effective solution with ease of usage

Management of attendance & leave Policies

:: TESTIMONIAL ::

"We are really pleased that TimeTrax HCM Software (on-premise version) has turned out to be the ultimate solution for us to address the needs of the workforce attendance & leave management/tracking which is well equipped with all the required HR competencies.

I would suggest TimeTrax Human Capital Management software to all companies to utilize and explore this best in class, distinctive HR solution with an impressive team of technical consultants who have seamlessly integrated TimeTrax with Microsoft Dynamics. Their after-sales support is also highly commendable."
