## SCREEN MANAGEMENT

### Remote Access

Upload content and update screens from anywhere in the world

### Screen Groups

Create and manage groups of screens (e.g a group for each store location, a group for each school in your district, etc)

### Add Screens Quickly

Add screens at any time (see Pricing)

### Portrait or Landscape

Support for screens in portrait or landscape modes

## CONTENT MANAGEMENT

-  **Images** Unlimited image uploads (jpg, jpeg, gif, png & svg)
-  **Videos** Unlimited video uploads (mp4,ogg, webm, mov & mkv)
-  **Documents** Unlimited document uploads (pdf and most Office/iWork formats)
-  **Websites** Add almost any publicly accessible web page (coming soon: sites that require logging in)
-  **Content Library** Group and organize your content
-  **Previews** See what your screens will look like right on your browser
-  **Playlists** Quickly create playlists for different content
-  **Schedules** Use drag and drop to schedule content for different times of day or the week
-  **Custom Layouts** Split up your screens with custom zones, each with its own content

## USER MANAGEMENT

**Unlimited  
User Accounts**

Add as many users as you like for free

**User Permissions**

Set up users to only have access to certain screens or groups of screens

**Account Transfer**

Transfer ownership of accounts if a member of your team leaves

## BRANDING

**Fonts**

Customize the fonts to match your brand\*

**Colors**

Customize app background colors and font colors to match your brand\*

\* Currently 15+ apps support the Theme Editor ([find out more](#))

## WORKS OFFLINE
