The screenshot displays the CuViBox web application interface. The top navigation bar includes links for My CVs, CVs, Templates, Statistics, Employees, Ref. Data, and Account. The main section is divided into two parts: a search form and a results/carts area.

CV search form: This form allows users to filter CVs based on various criteria. It includes fields for Name, Main degree, Gender, Identifier, Availability, Employee type, Professional Category, Office, Hourly cost, Travel Availability, Driving License, Own Car, and Observations. A 'Reset' button is located at the bottom right of the form.

CV carts: This section shows a list of CVs that have been added to the cart. Each row includes a photo, name, professional category, type, cost, and office. A 'New Cart' button is located at the top right of this section.

CV Cart details: A detailed view of a CV cart is shown, listing the CVs added to it. The table includes columns for ID, Name, Description, Created, CV Count, Active status, and Actions. The actions column contains icons for deleting, updating, and viewing the CV.
