Tip (gauge)

When making bookmarks, you should use a much smaller hook than recommended for the yarn you choose.

Tip (stitches)

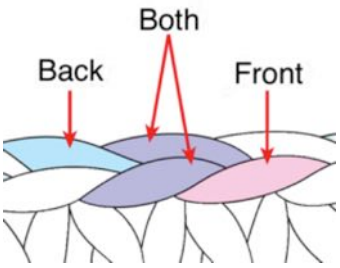

If you are a beginner crocheter you can see “Appendix” at the end of the pattern for reference how to crochet a particular stitch.

Tip (abbreviations)

If there is a record in the brackets in the pattern, multiplied by some number, for example (3 sc, 1 inc) x 3, it means you need to repeat this action 3 times, that is 3 sc, 1 inc, 3 sc, 1 inc, 3 sc, 1 inc.

Tip (make it right)

If there are no special notes, the bookmark is crocheted under both loops. In some rows, there are special notes: ‘into the front loop only’ or ‘into the back loop only’. In this case, you need to follow those instructions.

Appendix

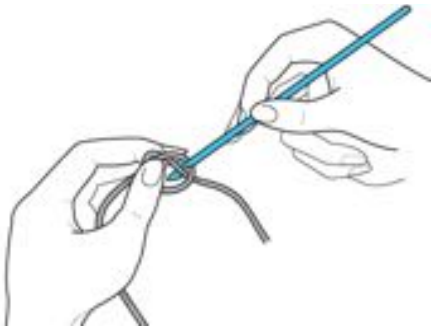

STITCHES USED IN THE PATTERN

Slip knot

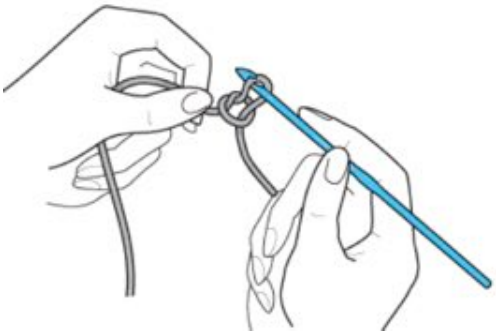

Loop the yarn around your left index finger.

Slip the yarn from your finger, and hold the loop between your thumb and index finger.

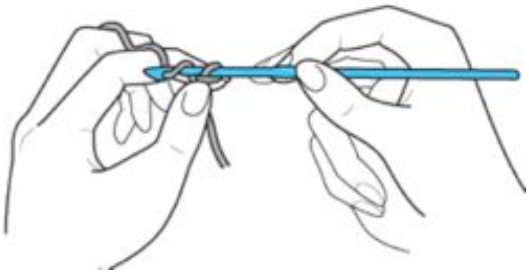

Use the crochet hook, held in your right hand, to draw the loop up and around the hook.

Chain

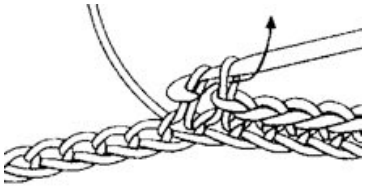

Start with slip knot, yarn over, pull the strand of yarn though the loop on your hook – you've got one chain.

Continue to repeat the process to create more chains.

Slip Stitch

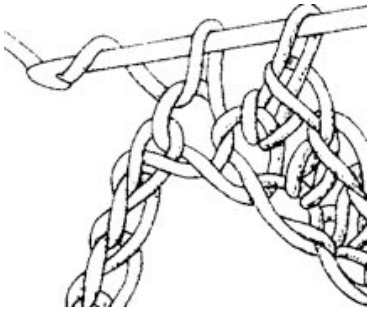

Insert the hook in the next chain, yarn over and pull the strand of yarn through the chain and the loop on the hook.

Single Crochet

Insert the hook in the chain, yarn over, pull the strand of yarn through the chain, yarn over again and pull the strand of yarn through both loops on the hook. Starting from round 2 insert the hook in the stitch of previous round.

Decrease

In the place where you need decrease pull up a loop in next 2 stitches of previous round, yarn over, pull the strand of yarn through all 3 loops on the hook, counts as one single crochet.

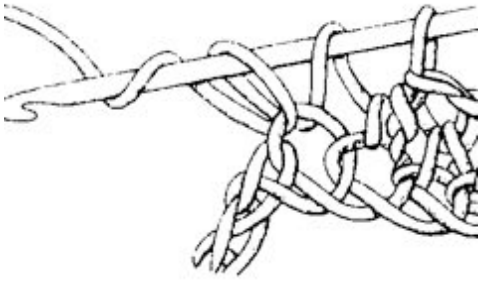

Increase

In the beginning (end or middle) of the row make 2 single crochets in 1 stitch of previous round.

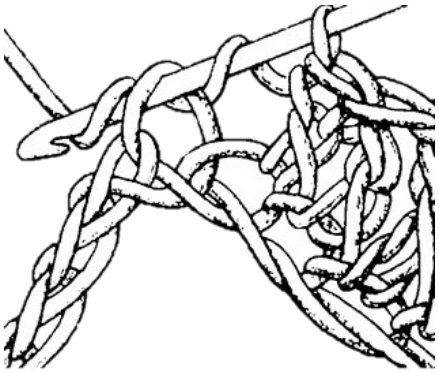

Half double crochet (hdc)

Yarn over, insert the hook in the chain or in the stitch of previous round and pull the yarn through. Yarn over again and gently pull the wrapped hook through the center of all 3 loops on your hook.

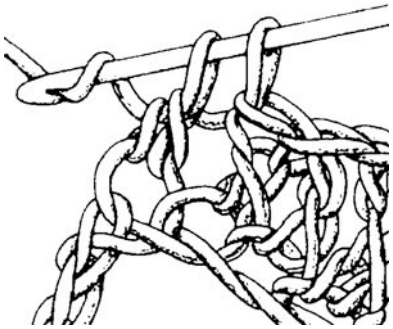

Double crochet (dc)

Yarn over, insert the hook in the chain or in the stitch of previous round and pull the yarn through.

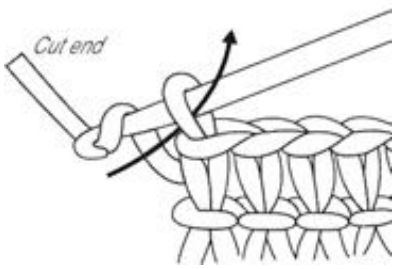

Yarn over again and gently pull the wrapped hook through the center of the first 2 loops on your hook, yarn over again and draw your yarn through the last 2 loops on the hook.

Fasten Off Yarn

When you get to the end of your crochet design and you'll need to fasten off the yarn. Fastening off crochet is a fancy way to say "cut the yarn and secure it."

1. Cut the yarn about 15 cm (6 inches) from the hook then using your hook, draw the cut end of the yarn through the last remaining loop on your hook.

2. Pull gently on the tail of yarn to snug up the end.

This action keeps your work from coming apart without having to make large unsightly knots.

Weaving in ends

When the work is completed it is necessary to weave in all ends.

1. Thread one end through a tapestry needle
2. Weave the 15 cm (6 inches) tail of yarn up and down through 3 or 4 stitches — kind of in a zigzag pattern (try not to split the yarn of the stitches).
3. To make the end really secure go back the way you came, weaving the end backwards through those same few stitches.
4. Cut the yarn about 0.5 cm (1/4 inch) from the fabric and gently pull the fabric. The end magically disappears, and your work is secure.
